U. S. WILL BAR RAILROAD STRIKE

PRESIDENT NAMES FOUR MEDIATORS TO AVERT TIE-UP

Secretaries Lane and Wilson, Samuel Gompers and Daniel Willard, Head of Baltimore Line, to Compose Board ACT FOLLOWS CABINET SESSION

BULLETIN
WASHINGTON, March 16.—President Wilson late this afternoon addressed a telegram to the heads of the four brotherhoods urging them to use every effort to reach an agreement to stave off the threatened strike.

By International News Service.
WASHINGTON, March 16.—The nation-wide strike will not be permitted to take place. The cabinet so decreed this afternoon. Following the meeting of the cabinet, for which President Wilson left his sickbed, it was announced that a committee on mediation had been selected to prevent the strike.

This committee is made up of Secretary of the Interior Lane, Secretary of Labor William B. Wilson, Daniel Willard, president of the advisory council of national defense, and Samuel Gompers, president of the American Federation of Labor. The committee will leave this city for New York at 4:05 this afternoon. It will confer with both sides to the controversy. While it has no legal powers, it is clothed with extraordinary authority in that it represents the President and cabinet and the council of national defense. The selection of the committee was decided on by the council of national defense at its meeting this morning. At that time it agreed that a railway strike at the present time would be most disastrous to the country and would interfere with the plans now being perfected for national defense.

The suggestion of the cabinet was communicated to the President and he immediately directed that the cabinet convene to go over the general situation.

There was not a single voice raised at the cabinet meeting against any action that would prevent the strike. It was decided to name the committee on mediation as suggested and to have it get in touch with the brotherhoods and their representatives, of the railroads without delay. This is the first step and members of the cabinet felt confident, it was stated, that the offer of mediation will be accepted.

It does not then additional steps will be taken, but it was pointed out that the White House that, inasmuch as this committee would be able to prevent the strike, there was no use of discussing anything more just now.

In line with this was the statement of Postmaster General Burleson, who had declared before the cabinet met that he intends that "the mails would move."

Leaving the cabinet meeting, he said: "We have not yet considered the question of placing troops on the mail trains. We hope we will not have to do so."

A letter directed to the four mediators, as members of the council of national defense, Secretary of War Baker, was as follows:

"At a meeting of the council of national defense it was resolved that you be interviewed at once to seek an interview with representatives of the railroad brotherhoods and railroad executives with reference to the differences now existing between them and general railroad strike in the country; that you present to the representatives of both sides the grave peril involved in such a situation at this time and their difficulties as in any event to lead to a postponement of any acute emergency."

AWAIT MEDIATORS.
BY ASSOCIATED PRESS.
NEW YORK, March 16.—Word was received by the National Conference Committee of Railways this afternoon that President Wilson had called the cabinet meeting to get advice on the question of running the railroads on the basis of military necessity.

Upon being informed that mediators composed of cabinet officers and members of the Council of National Defense were coming here from Washington, W. G. Lee of the Brotherhood of Trainmen, announced he had received a message requesting the city union chiefs to remain in the city until their arrival. He said he did not know what position the mediators were bringing.

The managers were informed that the engineers on the Santa Fe system had withdrawn their grand chief they had withdrawn and would refuse to obey the strike order.

The conductors and engineers on the St. Louis and Southwestern have withdrawn, according to word reaching the managers, and on the Illinois Central the firemen have announced their intention to withdraw.

"I don't believe it," said G. H. Sines, vice-president of the Brotherhood of Trainmen, when the managers' reports of withdrawals were called to his attention. "The last reports we had from St. Louis and the vote there for a strike was solid." Lee, when informed later, he insisted that all the men who took the strike would stand by it and strike.

The sixth floor of the Grand Central Terminal was being fitted up by the New York Central this afternoon with cots and other facilities for strikers brothers and men who do not go on strike. It was learned that other eastern roads were making similar preparations.

BEGIN STRIKE TOMORROW.
The country faces the prospect of a strike of conductors, engineers, firemen and trainmen that will tie up the railroad transportation from Maine to California. At 7 o'clock Saturday night, unless President Wilson succeeds in averting the strike, the nation will be paralyzed.

SHIP STRIKE TO END, SAY UNION MEN

Compromise Arrived at in the Conference Between Interested Factions; Details Now Being Settled at Meeting

Many Workers, Now Idle, to Transfer to San Francisco to Work in the Yards There; Monday to See Fight Ended

That the striking shipyard laborers will return to work tomorrow, or by Monday at the latest, in the Alameda plant of the Union Iron Works and at the Moore and Scott Iron Works, is the belief of local labor leaders, following a conference held this morning in San Francisco between W. E. Castro, organizer for the American Federation of Labor; G. A. Smith, business agent of the Shipyard Laborers' Union of Alameda county, and Mayor James Rolph.

At this meeting it was practically settled that the men should return to work pending an adjustment between the employers and employees as to the raise in wages demanded. A second conference is being held this afternoon between Castro, Smith, Timothy Reardon, president of the San Francisco Board of Public Works; A. S. Gunn, assistant manager of the Union Iron Works, and L. H. Cromwell, secretary of the Moore & Scott plant, in an attempt to settle the details of a temporary truce.

The possibility that the strike might extend to the Union Iron Works plant in San Francisco seems to have passed, although the more radical members of the union are still talking of carrying the fight across the bay. But it is believed that the speedy settlement of all differences.

Many riveters and sheet metal workers from the Alameda plant of the Union Iron Works are planning to go to the San Francisco plant next week. The riveters and their helpers were forced into idleness by the strike of yard helpers at the Alameda plant. A large number of riveters have already received their transfer cards from the San Francisco yard and many more have been promised transfer cards for next week.

Bombs Wreck Courthouse In Boston

Two Reported Killed as Result of Big Explosion

BY INTERNATIONAL NEWS SERVICE.
LEADS WIRE TO TRIBUNE.
BOSTON, March 16.—Two bombs were exploded this afternoon in the Suffolk county courthouse in Pemberton Square. Two men were killed. The massive three-story building was partially wrecked by the force of the explosion. There was a panic. All courts were in session. Someone called all exits of the courthouse locked.

The double explosion blew out a corridor wall on the second floor and the door of the washroom.

Calls for police and ambulances were sounded and a number of physicians hurried to the building. The wildest sort of a panic followed the explosion. Blinded by the dust from the plaster where the wall was blown out, scores of occupants of the building rushed for the exits. Clouds of dirt from the ventilation system added to the general terror of the scene. A number of women on the upper floor panicked and were carried to safety by the police and court officers.

The body of one man was seen on the floor of the washroom.

The Suffolk county courthouse is located in the heart of the business district of Boston and in the same block as the state house.

American on Vessel Sunk Without Warning

WASHINGTON, March 16.—Two submarines, neither of which was named, sank the British steamer Lady Anderson, upon which an American, called Consul Hathaway from Hull, England, in the State Department this afternoon. The American citizen was Placido Deane of Porto Rico. The ship, bound from Hamburg to Gothenburg with coal, did not resist or attempt to escape. Consul Hathaway reported, he was continually shelled while the crew of eighteen was taking to the boats and rowing away. The crew was picked up after being adrift four hours and landed at Aberdeen.

Infantry to Guard Panama Canal Zone

WASHINGTON, March 16.—A battalion of United States infantry, now stationed in Porto Rico, will be rushed to the Panama Canal to reinforce the guard of that waterway without delay, it was learned at the War Department this afternoon. No explanation of the urgency of the move was obtainable.

NOBLES AID RUSS REVOLT, GREECE AND TURKEY NEXT?

SHACKLES OF RUSSIANS ARE NOW BROKEN

People Are at Last Freed From Dark Intrigue, Suspicion, Superstition and Ignorance by the Tide of Democracy

Pro-German Ministers Either Flee Country or Are Placed Under Arrest; Troops Guard Czar Nicholas and Family

BY INTERNATIONAL NEWS SERVICE.
LEADS WIRE TO TRIBUNE.
LONDON, March 16.—Russia is riding today on the high tide of democracy.

The shackles of dark intrigue, suspicion, superstition and ignorance which for ages have bound her millions to the feet of an autocratic government have been rudely broken. Today, for the first time in the history of the great empire, the people are governing themselves. "Dark" Russia is fast disappearing under the liberating blows of the new regime.

Every incoming despatch from the Russian capital today told of the progress being made by the new government and the generous acclaim with which it is being received by the people.

CZAR UNDER GUARD.
The only pro-German ministers of the czar's cabinet have either fled the country or are under arrest. Czar Nicholas himself is under guard of two regiments of troops in his suburban palace at Tsarskoe-Selo. His German wife and her daughters are also under guard of soldiers of the new government. Grand Duke Michael, his brother, is the new regent, subservient, however, to the Duma, which, promoted successfully the great revolt.

LOYAL TO DUMA.
The leaders of the army, from Grand Duke Nicholas down, have pledged their loyalty to the will of the Duma. They are overjoyed that their operations against Germany and Austria, so long hampered by the Tsar's subsidized advisers of the czar, are to be permitted to go on relentlessly.

The city is quiet. The bloodshed and rioting of the last week is ended, and with the city under the control of 60,000 troops, the regular life of the capital is being rapidly resumed.

A general amnesty order to all political prisoners was decided on today by M. Kerensky, the new minister of justice, according to a Petrograd despatch.

Report on Rominger Apprentice Measure

SACRAMENTO, March 16.—The Rominger apprentice bill, which would prohibit any restriction on the number of apprentices that may be employed in the learning of trades, was passed out of the senate labor and commerce committee tonight with two reports. A majority report recommended its passage and a minority report recommended adversely. The measure is aimed at labor organizations which place a limit on the number of apprentices that may be employed in unionized shops.

Pershing's Guide Murdered by Bandits

EL PASO, March 16.—Jose Maria Flores, a guide and interpreter for General Pershing in Mexico, was executed near the Babicora ranch in western Chihuahua recently by Julio Acosta, a Villa leader, because of his friendship for the Americans. An American from Babicora reported on his arrival here today. A companion of Flores also was executed.

Passports Handed to German Diplomats

PEKING, Wednesday, March 14.—The German minister to China and his staff and also all the German consuls in the country were handed their passports at noon today. A note accompanying the passports explained that the German reply to China's submarine warfare protest was unacceptable. The passports, the note added, were "for protection while leaving Chinese territory."

Senate Session Is Adjourned Sine Die

WASHINGTON, March 16.—The special Senate session, which began March 5 adjourned at 3:03 p. m. today sine die.

The Senate this afternoon appointed Senators Martin and Warren a committee to notify the President that unless he had further business for them, they were ready to adjourn until April 16, the date of the extra session.

LEADING FIGURES IN RUSSIAN REVOLUTION: ABOVE ARE THE CZAR, WHO HAS ABDICATED; AND HIS SON; BELOW (LEFT TO RIGHT), GRAND DUKE NICHOLAS AND GRAND DUKE MICHAEL.

Revolt Is Political, Not Anti-Dynastic

CHICAGO, March 16.—Professor Samuel N. Harper, professor of Russian language, literature and history at the University of Chicago, and who is considered the leading American authority on Russian affairs, has written the following for the United Press, dealing with the internal situation which brought about the revolution and overthrow of the czar. Dr. Harper returned from Russia, where he made a study of present political, economic and social conditions six months ago.

Written for the United Press.

The Russian revolution is the logical culmination of the political situation of these last few months. In November last, when the Duma convened, a complete change of the government system was demanded. The government had shown again its inefficiency, this time in connection with the distribution of the food supply of the country. The government was actively interfering with the activity of the public organizations working to support the army and to solve the many problems raised by the war. And finally some members of the government were suspected of pro-Germanism.

It was not considered possible for a moment that Russia would betray her allies, but it was realized that the then prime minister, Sturmer, might put his influence forward for a premature conference of the belligerents such as Germany did, in fact, later propose.

BACKED BY PEOPLE.
On all these grounds the Duma demanded definitely a responsible government, ministers responsible to the representative bodies. This demand was supported by the upper house of the Russian parliament, half of whose members are appointed by the sovereign. And behind the Duma were the public organizations in which all classes were represented—land owners, peasants, members of the liberal professions, manufacturers and workmen—in fact, the Russian people.

A few days after the Duma had issued its ultimatum the ministers of war and of the navy addressed the Duma, reporting upon the work of their departments, praising the public organizations that were working for the support of the army and stating that there must be co-operation between the Duma and the government.

A few days later the prime minister resigned.

The new prime minister appointed attempted hurriedly to work with the Duma. He tried to rid himself of

GREEK KING MAY NEXT BE FORCED TO RETIRE

Pressure of Entente Allies on Greece and Removal of Constantine From Throne Is Indicated by Official Wires

EMPIRE OF TURKEY MAY ALSO COLLAPSE

Grand Duke Nicholas Is Summoned to Petrograd to Take Provisional Command as Dictator of Russian Army

BULLETIN.—Czar Nicholas' abdication of the throne of Russia has not yet been effected. Chancellor of the Exchequer Bonar Law announced in the House of Commons today that a telegram received from the British ambassador in Petrograd, stated that while the czar's abdication and appointment of the Grand Duke Michael as regent had been accepted by the executive committee of the Duma, such steps "had not yet been effected."

The message concluded: "The czar's whereabouts are not known."

BY UNITED PRESS.
LEADS WIRE TO TRIBUNE.
WASHINGTON, March 16.—That the Russian revolution and victory of the Duma over the Russian bureaucracy may be immediately followed by stronger pressure by the entente allies on Greece and perhaps removal of King Constantine from the Greek throne is indicated in official despatches received here from representatives of this government abroad.

Rumors that the Duma had brought also the official indication that the collapse of the Turkish empire is imminent, and that if such events as are expected transpire they will result in complete removal of Turkey from any influence or territorial holdings in Europe.

BY ASSOCIATED PRESS.
LEADS WIRE TO TRIBUNE.
PETROGRAD, March 16 (via London, British admiralty, per wireless press).—The Council of Nobility already has held special meetings in fifteen provinces and endorsed the new revolutionary government.

LONDON, March 16.—The Grand Duke Nicholas is reported in a telegram to have been summoned to Petrograd to take command of the troops. He is reported to have been chosen as provisional dictator for the Russian army.

The question of replacing officers who were alarmed by their own troops is one which must be decided most promptly. In the meanwhile the provisional government is doing its utmost to straighten out the numerous tangles. The Duma and the Zemstvo Council are working hand in hand, although issuing separate proclamations.

APPEAL TO PEOPLE.
Despite the appearance of newspapers, the public is better informed of what is going on than ever before. For this purpose a special squadron of motor cars has been commandeered by the executive committee, and these cars go about the city distributing printed bulletins free to everybody. Thus the most authentic news gains speedy circulation.

Through this bulletin service President Rodzanko has appealed earnestly to the people not to injure government buildings, telegraphs, the water supply equipment, factories, etc., and also to continue the public services and avoid bloodshed. In the meantime he is energetically tackling the food problem and the public is confident that the combined efforts of the Duma and the Zemstvo will soon assure an adequate supply. Large

Mrs. Whitman Honored by King's Daughters

ALAMEDA, March 16.—The King's Daughters of the First Congregational church have raised sufficient money to have a room in the King's Daughters' Home for incurables in Oakland, named after a member of the Alameda organization. The name chosen was that of Mrs. Winifred Whitman, leader of the Alameda King's Daughters and one of the most active workers in the church membership. The King's Daughters raised \$100 by means of freewill offerings placed in "blessing bags" and later collected and turned into the King's Daughters' fund.

Diabetes Sufferers Should Not Give Up in Despair

Warner's Safe Diabetes Remedy has brought health and happiness to many who thought themselves beyond aid. Diabetes is a peculiar and baffling disease which the medical profession seems to be unable to accurately describe and definitely cure despite the many years of experimenting and research by foremost physicians throughout the world. Diabetes is invariably the result of impaired nutrition—this results in an excess of sugar in the blood and failure of the food to nourish, hence a gradual wasting away while eating well. Symptoms of the disease are increased thirst, excess of urine, emaciation and dry skin, often with sweetish odor. Following are a few voluntary words of praise from a man who has used Warner's Safe Diabetes Remedy with gratifying results. Perhaps you may be benefited in a like manner. "I had been troubled with Diabetes for eight years. I heard about War-

ner's Safe Diabetes Remedy and I tried some of it and got myself in good condition and went to work again. One man said he doctored for two years and that one bottle of Warner's Safe Diabetes Remedy did him more good than all the doctors. I am much pleased and so thankful for your life saving remedy that I cheerfully recommend it to anyone troubled with Diabetes and I hope this will be the cause of helping many sufferers." (Signed) James Platt, Nat'l. Military Home Dayton, Ohio. Warner's Safe Diabetes Remedy is made from a formula tried and tested and used with remarkable results during the past forty years. As the name indicates, Warner's Safe Diabetes Remedy is absolutely safe, and it is made from herbs and other beneficial ingredients. Sold by leading druggists everywhere. Free sample on request. Warner's Safe Remedies Co., Dept. 353, Rochester, N. Y.—Advertisement.

PRESIDENT ACTS TO AVERT STRIKE

Board of Mediation on Way to New York to Commence Conference.

(Continued From Page 1)

cessfully intervenes or the railroad managers and their men make an unexpected compromise, the strike will be called off. The men formally presented their demands for a basic eight-hour day and a rearrangement of the wage scale, the chief feature of which was a call for time and a half for overtime work. The railroads were given until April 29 to reply to these demands.

There followed a long series of conferences in this city. The conference committee of managers contended that the demands could not be granted because they would mean an increase of approximately \$100,000,000 a year in operating expenses and would wipe out virtually all the funds available for dividends.

After futile efforts to arrive at a compromise agreement, the managers proposed arbitration. This proposal was rejected by the brotherhood. When a deadlock became apparent, President Wilson invited the conferees to Washington. He proposed that the eight-hour day be granted, but with overtime pay at pro-rata, instead of higher rates, promising that he would use his influence to obtain a federal commission to investigate and report the results of the strike. This necessary measure of relief was favored by the brotherhood leaders, but rejected by the railroad officials. A countrywide strike was then called for September 4.

President Wilson appeared before Congress August 29, and asked for the adoption of six measures which, he explained, were meant, not only to solve the difficulty for the time being, but to guarantee protection to the public in any similar future controversy. On September 2 Congress passed the Adamson eight-hour law, which included only two of the measures submitted by the President. This was favored by the brotherhood leaders, but rejected by the railroad officials. A countrywide strike was then called for September 4.

ADAMSON LAW EFFECTIVE. The Adamson law became effective January 1, but prior to that time many of the railroads had filed petitions for injunctions to prevent its enforcement.

ONE IN TWELVE TO REFUSE. Reports from Kansas City and other points in the west that some of the employees were unwilling to obey a strike call were made by a statement by W. G. Lee, president of the Brotherhood of Railway Trainmen, that the leaders expected at least one in twelve to refuse to strike. "Don't forget history," said a Saviour found one Judas among the twelve He selected," Lee said. "We therefore do not hope to beat His record and we look for at least one in twelve. The only way to determine whether our men are in earnest is to count noses Sunday and thereafter. "Don't forget that we left the entire matter to President Wilson last August and agreed to abide by his proposal then. The railroads refused to settle the question. I have since publicly proposed to leave the entire controversy to President Wilson to say personally whether we should have the eight-hour day in freight and yard service without reduction of the present daily rates.

"The railroads seemingly prefer a strike rather than abide by President Wilson's suggested method of settlement. Who is disloyal to the government?" RAILROADERS STATE SIDE. Ellisha Lee, chairman of the national conference committee of the railroads, made the following statement today: "We have offered to leave to the Goethals eight-hour commission, recently appointed by the President, any question that may remain unsettled by the decision of the Supreme Court in the pending Adamson law case. We have offered to abide by the organizations have refused to accept this offer and that they have notified us that they have ordered a series of strikes on the railroads of the country beginning Saturday night at 6 o'clock. "The ultimatum presented to the railroads by the organizations was that we must immediately put into effect their interpretation of the law now before the Supreme Court for determination of its constitutionality and meaning without waiting for the decision of the court.

"We decline to accept this proposition, feeling that we must await and abide by the judgment of the court; and we thereupon made the following formal offer for a settlement of the issues involved: "If the Supreme Court holds the Adamson law to be constitutional and the application of any of the points, we will agree that the eight-hour day shall determine how the law shall be applied.

"In case the law is declared unconstitutional, we offer to join you in asking the eight-hour commission to determine the whole controversy; any settlement arrived at to be effective January 1, 1917.

"This offer for a feasible adjustment was refused."

CONTROVERSY ONE OF MANY MONTHS

Adamson Law Temporarily Blocked Strike Issue on Railroads.

BY ASSOCIATED PRESS. LEAFED WIRE TO TRIBUNE. NEW YORK, March 16.—The controversy between the railroads and the brotherhoods first took definite form early last year, when the men formally presented their demands for a basic eight-hour day and a rearrangement of the wage scale, the chief feature of which was a call for time and a half for overtime work. The railroads were given until April 29 to reply to these demands.

There followed a long series of conferences in this city. The conference committee of managers contended that the demands could not be granted because they would mean an increase of approximately \$100,000,000 a year in operating expenses and would wipe out virtually all the funds available for dividends.

After futile efforts to arrive at a compromise agreement, the managers proposed arbitration. This proposal was rejected by the brotherhood. When a deadlock became apparent, President Wilson invited the conferees to Washington. He proposed that the eight-hour day be granted, but with overtime pay at pro-rata, instead of higher rates, promising that he would use his influence to obtain a federal commission to investigate and report the results of the strike. This necessary measure of relief was favored by the brotherhood leaders, but rejected by the railroad officials. A countrywide strike was then called for September 4.

"This offer for a feasible adjustment was refused."

VICKSBURG, Miss., March 16.—"I suggest President Wilson put the railroads of the United States under military control," said W. L. Park of Chicago, vice-president of the Illinois Central Railroad, here today. "It is the only solution of the problem," he said, discussing the threatened strike.

STRIKE ENDORSED. CHICAGO, March 16.—One thousand local chairmen, representing western trainmen, this afternoon ratified the action of the four brotherhood chiefs in calling a railway strike. Trainmen in the western division will go on strike at 6 o'clock Monday morning, unless a settlement is reached.

GIRL ROWERS TO CONTEST ON LAKE

Mills College Students Will Exhibit With Oars in Races This Morning.

Intense interclass rivalry will appear on Lake Merritt tomorrow morning when crews of freshmen, sophomores, juniors and seniors from Mills College row for water victories. The events on the program are eight and twelve-oared contests. Preliminary contests between the eights of the juniors and seniors and between the two lower class crews will be followed by the final event to determine the college championship. The winning crews of the trials will participate in the final courses. A twelve-oared contest will also take place, one crew being composed of girls from the three upper classes, while the second boat will be filled with freshmen rowers, entirely. The pilots and coxswains of the four class boats are respectively: Senior, Esther McCormick and Esther Dayman; Junior, Hazel Rose and Eunice Engle; sophomore, Marjorie Dismore and Elizabeth Thompson; and freshman, Elsie Barsos and Madeline Smith. The twelve-oared crews are as follows: Upper class boat: Esther Dayman, coxswain; Elizabeth Thompson, pilot; starboard side, Luise Larsh, Nancy Purchess, Edna Carter, Florence Brown, June Young, Rosalinde Cassidy; portside, Hilda Clute, Pauline Simon, Constance King, Gertrude Corfite, Mabel Stockholm and Marguerite Mackinder.

On November 22 Judge Hook of the federal district court at Kansas City declared the law unconstitutional and the case then went to the Supreme Court of the United States. A conference between the heads of the brotherhoods and the railroads was held December 28, at which there was a discussion concerning the payment of increased wages pending the decision of the Supreme Court. This conference resulted in failure and the brotherhood chiefs announced they would refer the matter to their members for a decision on a new strike threat. This led to the conference.

New, Exclusive Trimmed Hats \$7.50 and \$10

White Chamoisette Gloves 53c pr.

They are very hard to get in these days of merchandise famine. We have a good supply of all sizes in white. Two-clasp style. Lay in a supply Saturday. McCall Patterns

A Sale of Coats \$10.00

An interesting event which is announced for Saturday only. You will realize the importance of the price the moment you see the Coats. In the lot you will find White Chinchilla Coats, Navy and Black Poplin Coats, Wool Velour Coats in big checks and plaids, Cheviot and Serge Coats and Sport Coats (36 and 42-inch) in great variety. Many new style ideas are introduced—large collars, fancy pockets, etc. \$10 is the price for Saturday only. Third Floor.

Muslin Undergarments \$1.25

We make a feature of dainty, serviceable garments at this price. GOWNS AT \$1.25—All styles, high neck and long sleeves; round, V and square necks. Each one trimmed with lace or embroidery. ENVELOPE CHEMISE AT \$1.25—Completely trimmed with lace and embroidery. PETTICOATS AT \$1.25—Well made garments with deep embroidery flounce. Fourth Floor.

W. B. Corsets \$1.50

One model shown on the right—a Nuform special. There are special creations for slim, average and stout figures in which are incorporated all of the essential features. Some in white, some in flesh color. Sizes 19 to 36. Expert fitting service. Fourth Floor.

Silk Petticoats \$3.95 and \$5.00

Some with jersey top, others all taffeta. Flounces ruffled or pleated and fancy hemstitched. Some have messaline flounces. Good colors—rose, emerald, gold, coral, maize, gray, brown, purple, etc. Fourth Floor.

U. S. DESTINY INVOLVED IN GREAT CRISIS

Officials at Washington Are Watching World Events With Utmost Apprehension; Strike Will Hamper Preparedness

Developments affecting United States in the latest phases of the world crisis:

Nationwide railway strike threatens serious interference with preparedness plans.

Russian revolution will cause little change in war's conduct and officials insist it emphasizes anti-German feeling.

All naval construction records expected to be eclipsed in building new naval craft.

German threat to kill American sailors who obey orders to defend American liners will not change President's policy of armed neutrality.

By John Edwin Nevin, International News Service Staff Correspondent.

WASHINGTON, March 16.—Kaleidoscopic changes in world affairs, now in process, may seriously affect the future of the United States. Officials admitted this today. The next few weeks must be fraught with mo-

One Month Old Baby Had Dry Scale On Head Hair All Came Out Healed By Cuticura

"When my baby was only one month old he commenced to break out on his head with pimples which would dry up and leave a scale that would not come off. The pimples were small and in patches, and his hair all came out. The eruption seemed to itch as he would scratch, and he was restless."

"I finally used Cuticura Soap and Ointment. I noticed an improvement from the start, and I only used one box of Cuticura Ointment with the Cuticura Soap for about three weeks when his head was healed, and his hair came in soft and silky." (Signed) Mrs. J. H. Perry, Yoder, Colo., Oct. 17, 1916.

You may rely on Cuticura Soap and Ointment to cure your skin, scalp, hair and hands. Nothing better to clear the skin of pimples, blotches, redness and roughness, the scalp of dandruff and itching and the hands of chapping and soreness. Besides the Soap has no superior for all toilet and nursery uses. Don't confuse these delicate, fragrant, super-creamy emollients with coarsely medicated, often dangerous preparations urged as substitutes.

For Free Samples by Return Mail address post-card: "Cuticura, Dept. H, Boston." Sold everywhere.

Railroads Order Embargoes On Shipment of Freight Southern Pacific Company and Other Lines Refuse All Perishable Goods

Embargo orders were announced by the Southern Pacific Company today against the shipment of perishable freight or livestock for points east of Deming, El Paso, Ogden and Portland. The orders provide that perishables may be accepted for points west of El Paso, Ogden and Portland when, under the usual freight schedule, they would reach their destination before Saturday night.

No powder or explosives will be accepted for shipment to any point. It is provided that shipments by the United States Government will be accepted but subject to delay. All bills of lading are to be indorsed "subject to delay on account of impending strike."

NEW YORK, March 16.—As one of the first steps to deal with the disorganization of transportation which will be caused by the railway strike the national conference committee of railway managers has informed the individual railroads that an embargo on all perishable freight is advisable.

MONTREAL, March 16.—The embargoes, they say, which may force radical action at a dozen points by this government.

Naturally developments in the Russian revolution have today evened out. Officials asserted that for the first time in generations the Russians themselves are in control of their government. Monarchical and aristocratic corruption and degeneracy have been overthrown, officials say, and Russia has finally overthrown absolutism.

PREPAREDNESS HAMPERED

It is believed here that with the continuance of strikes by the Duma and the public life of representatives of liberal thought in Russia, that there will be a general resumption of the offensive against Germany. This offensive, officials report, is being delayed by the fact that two months have pointed out, has been held back by inefficiency—and possible corruption—on the part of certain Russian leaders.

The greatest question confronting the United States today was the threatened railway strike. If it is permitted to be put into effect it will enormously hamper preparedness plans.

Transfer of building materials from manufacturing establishments to the various shipyards will be stopped. Missing of needed supplies for the army and navy cannot be completed.

In a sense of ways, officials say, a railway strike at this time would hamper development of the national defense and army and navy officials alike have urged that nothing be left undone that would prevent it.

GERMAN THREAT

The threat made by Germany through the Munich Neuste Nachrichten that American naval officers and men who shall act as gunners on American merchantmen will have meted out to them the fate of Captain Charles Fryatt of the British steamer Brussels, shot for resisting a submarine attack, has had the effect here of only incensing naval officials. The threat, administration officials declared, will in no way interfere with the putting into effect of the President's policy of armed neutrality.

Meanwhile, work on the great naval contracts awarded by Secretary Daniels last night will go right on all day. The Navy Department has authorized night and day work and overtime allowances will be met from the fund made available at the last session of Congress.

Grand Trunk Railway today issued an embargo on all freight because of the prospect of a railroad strike in the United States.

BAR ALL PERISHABLES

CHICAGO, March 16.—Railroads entering Chicago began sending out notices of embargoes today. The first came from the New York Central, which announced that after midnight tonight absolutely no freight would be accepted. The notices of the various belt line companies followed.

At least five states will be kept in rail communication by electric lines in event of a general railroad strike. They are Illinois, Indiana, Wisconsin, Ohio and Michigan. Traffic managers of lines operating out of here and connecting with the other states said today that their men would remain loyal. The lines have almost direct connection with Kentucky and Pennsylvania coal fields and with eastern Missouri.

PORTLAND, March 16.—Although the strike order of the railroad trainmen will not affect the northwest until Tuesday, a strict embargo on all perishable goods is announced by the rail lines of this section, to go into effect today. Non-perishable goods will be accepted, subject to delay. But even with these restrictions, if the strike really comes to the northwest the carriers will have considerable quantities of freight on hand that they cannot deliver.

The Southern Pacific, Great Northern and Northern Pacific announced embargoes here last night. The Oregon-Washington Railroad and Navigation Company and the North Bank line will make similar announcement today.

Preparations are going forward by shippers of foodstuffs to make extensive use of motor trucks in getting commodities into the Northwest markets. Portland also will receive supplies by river boats from the farming sections in the Columbia and Willamette valleys.

TO TAKE OVER ROADS

WASHINGTON, March 16.—Consideration was given by administration officials, to possible drastic steps which might be taken to force the operation of the railroads in case the strike actually comes. One means suggested was for the government to take over the railroads, if necessary, for the roads and undertake their operation. The discussion was entirely tentative, however.

LOS ANGELES, March 16.—That a railroad strike might prove disastrous to many of the smaller lines, but not so disastrous as for the companies to yield to the trainmen's demands, is the statement here of President E. P. Ripley of the Santa Fe, who left this morning for Santa Barbara.

Ripley said the Santa Fe will probably be able to continue passenger service from the start and resume regular freight service within thirty days.

WASHINGTON, March 16.—The Southern Railway today placed an embargo on all livestock and perishable freight that cannot reach its destination by 8 o'clock Sunday morning.

CLEVELAND, O., March 16.—The New York Central, Nickel Plate, Baltimore and Ohio and Erie railroads late today declared embargoes on all freight. Their freight offices were instructed to receive no freight for shipment after midnight.

PLAN TO COMBAT FOOD SHORTAGE

Strike Conditions Will Bring Hardship in the Large Communities.

BY UNITED PRESS LEADERS WIRE TO TRIBUNE

CHICAGO, March 16.—With a meeting of the freight traffic committee of the Chicago Chamber of Commerce, called for noon today, city officials and heads of the various industrial lines of the city were considering ways of first bringing the necessities of life into the city should a nation-wide rail strike be called, and then of conserving those necessities and using them to the best advantage for the public.

Electric roads running into the city were preparing for the biggest business of their history in their attempt to handle the 100,000 commuters now being carried daily by the steam roads. Officials of the various lake transportation companies said they had not made any plans, but that they would attempt to care for whatever freight traffic is diverted their way. Because of the ice in the upper part of Lake Michigan, traffic there will be impossible before the middle of April.

The supplying of milk for the city promises to be the most serious question, and here the order of business will be "babies first." But the use of the electric lines and motor trucks it is estimated that as high as 50 per cent of the normal supply of 1,250,000 quarts, needed daily can be brought into the city.

STONE'S LEASE PLAN REJECTED

Council Approves Port Commission on Stand Relating to Waterfront.

That the proposition of R. L. Stone to lease a large portion of the western waterfront for twenty-five years under certain conditions which would interfere with desired municipal development was not accepted was recommended by the port commission and approved by the city council today. The report, which was signed by President Harrison S. Robinson, set forth as follows:

"We believe that no considerable portion of the 3200 feet of waterfront should be given over to any exclusive use other than general transportation, and we believe that the city should retain control of the actual waterfront."

The proposal of Mr. Stone, if accepted, would violate both of these principles and would mean that approximately one-fifth of the waterfront would be diverted to a particular individual use and withdrawn from control of the city.

"We therefore recommend against the acceptance of the proposal."

The Stone proposition asked for actual waterfront to be used adjoining backlands to carry ship ways reaching from shipyards to the water.

When Commissioner Harry S. Anderson of the public works department reviewed the proposal he stated that if accepted it would interfere with the construction of an embankment along the front by the city and the operation of a belt line railroad. It would also take in the greater portion of the present available waterfront.

Chicago Daily Papers Cut Pages to "Bone"

CHICAGO, March 16.—Local daily

TRAINMEN GET AVERAGE PAY OF \$1,334 YEARLY

Conductors, Engineers and Firemen Tabulated in Figures

WASHINGTON, March 16.—The annual earnings of railroad trainmen in 1916 averaged \$1344 per man, according to a bulletin issued today by the Bureau of Railway Economics, compiled from the official returns of the railways to the Interstate Commerce Commission.

Trainmen in the Western district averaged \$1450; in the Eastern district \$1303, and in the Southern district \$1245. Engineers averaged \$1865 for the year, firemen \$1136, conductors \$1615 and other trainmen \$1089. Passenger engineers in the South averaged \$2297.

The 178 large railroads of the country, those with annual operating revenues above \$1,000,000 in 1916, operated 231,245 miles and handled more than 95 per cent of the railway traffic of the United States, so that their statistics are regarded as representative of general conditions.

These roads in 1916 employed 234,761 trainmen, of whom 203,763 were classified as road trainmen and \$1,034 as yard trainmen. There were 67,207 engineers, 59,068 firemen, 48,571 conductors and 119,921 other trainmen, including brakemen, flagmen and baggage men and 3205 miscellaneous train employees. Of the road trainmen 70 per cent were in freight service and 28 per cent were in passenger service.

newspapers, anticipating a shortage of paper in the event of a general railroad strike, began today to make radical cuts in the size of papers. Practically all features were eliminated and news items were pared to the "bone."

TORCH PLIED TO MELROSE LIBRARY

Charred Papers Under Corner of Building Reveal Attempt of Firebug.

An attempt to set fire to the Melrose branch of the Oakland Free Library at Forty-eighth avenue and Boulevard was discovered late yesterday when a boy living in the neighborhood reported to Mrs. H. Hill, librarian, that there was evidence of a smoldering blaze under a corner of the building. An investigation by Patrolman Nelson resulted in the finding of a bundle of charred newspapers.

Shortly after the discovery, Miss Doris Bennett of 4500 Melrose avenue picked up a deputy constable's badge near the location of the fire. Inspector John Duffon found that a small hole had been scraped away under the foundation, and that the papers had been laid inside and set afire. Lack of sufficient draft apparently resulted in the blaze dying out before it had gained sufficient headway to catch the underpinning of the structure.

Inspectors are also investigating a fire which was well under headway in a house at 4738 West street last night. The blaze was discovered by Corporal O'Neill, who broke into the house and extinguished it before much damage was done.

Turks Dislodged by British Forces

PETROGRAD, March 16.—"Toward Kormanshah we dislodged the Turks from their fortified positions at the summit of Naleshkan," said the official war office statement today.

Real Clothes Economy and Where to Find it

SOME men think economy in clothes-buying is to find a cheap sounding price. Foolish; they know better if they stop to think about it a minute.

Your price for a suit is low or high according to what it gets, not according to what it sounds.

Hart Schaffner & Marx Clothes for men are made to sell for \$25 and upwards

They're lower priced clothes at \$25 than any other clothes made, no matter how much lower the price of others may be. You're smart enough to see that; it's one of the fundamental facts of business that quality is the test of price.

WOULDN'T YOU LIKE TO BUY YOUR CLOTHES ON CREDIT?

Every man who has opened a credit account at Cherry's Clothing Store, has found that this is by far the most satisfactory way to buy clothing. Of course, men who enjoy big incomes do not have to think about where the money is going to come from when they need a new suit, but, for the man on a moderate salary it is a different proposition.

Men on small salaries are the ones who find Cherry's Credit Plan indispensable. They know that when they need new clothes they can go to CHERRY'S and get them; not necessary to wait or scheme or save until they have accumulated the price.

It's certainly a bonanza, this credit system of CHERRY'S, for men who want to keep themselves looking properly dressed all the time. You can make use of this credit system, too. Just make a small payment when you select your suit and give the store's credit department proper references.

The Ladies Store is at 515 13th; exclusive men's, 528 13th; San Francisco stores are at 2400 Mission, cor. 30th, and 48 and 52 Geary st.

Best Medicine for Constipation.

Tribune-Chevrolet Gift Offers Double Opportunity

Rebate to Be Given by Orpheum on Coupons

Tens. Hundreds. Thousands. The Tribune-Chevrolet shares are being deposited at the box office of the Orpheum in bundles big and little.

The readers of THE TRIBUNE realize fully that THE TRIBUNE means just what it says. The readers of THE TRIBUNE now know that the Tribune-Chevrolet Orpheum automobile presentation is just what it purports to be, and that there are no hidden conditions and no "strings" whatever upon the Chevrolet automobile that is to be given away every Monday night by THE TRIBUNE at the Orpheum Theater.

Everybody who will take the trouble to clip the coupon that is published every night in THE TRIBUNE stands a chance to win that automobile, and everyone stands an equal chance with everyone else.

It is so big a proposition, and it is so free and fair, that people hesitate to believe that it is all true.

But it is a fact, nevertheless. Every coupon stands a chance to win that automobile.

THE PLAN GUARANTEED. This guarantee is backed by three of the biggest and most responsible institutions in Oakland—The TRIBUNE, the Chevrolet Motor Company and the Orpheum Theater.

These three institutions are rated A1 in every mercantile institution in the country, and they are solidly behind this proposition to give away a Chevrolet automobile every Monday night at the Orpheum Theater.

It is such a tremendous proposition that it seems almost unbelievable. A 1916 Chevrolet automobile, made in Oakland, absolutely free in exchange for a TRIBUNE coupon.

Follow the directions: Clip the coupon from THE TRIBUNE every evening. Take that coupon to the box office of the Orpheum Theater, on Twelfth street, between Clay and Jefferson. That coupon, or as many of them as you have collected, will be exchanged for a "Chevrolet share." This is a numbered "share," each side of the "share" being numbered alike. This "share" is to be turned in half, one half to be kept by the owner and the other half to be deposited in the big box in the Orpheum lobby.

Every Monday evening the big box will be opened on the Orpheum stage and one number will draw the automobile.

There is just one requirement. The number that is drawn must be represented in the house of Monday evening.

So cut out your coupon. Exchange them at the Orpheum box office for "shares."

Then go to the Orpheum Theater Monday night and see if you are lucky. You may be able to ride home in your own car.

Wouldn't that be nice? And it is after the first of March, so you won't even have to pay taxes on that car until next year.

There are other ways of using this TRIBUNE coupon.

It is good for car fare when used in connection with the purchase of a ticket for the Orpheum Theater on Tuesday, Wednesday, Thursday or Friday nights of any week during the contest. If you purchase a 50-cent or 75-cent ticket at the Orpheum Theater on any of those days a rebate of 10 cents will be allowed upon presentation of a TRIBUNE coupon. This will be in addition to the regular Tribune-Chevrolet share.

This is something where nobody can lose.

The Orpheum bill this week is full of good things. It is the great "Road Show," that is the greatest combination of attractions that the Orpheum can get together. The "Orpheum Road Show" has come to be one of the great amusement institutions of the year.

This is "Orpheum Road Show Week," and by using a TRIBUNE coupon you can see the show for a 20 cent reduction on every ticket purchased.

If THE TRIBUNE will give you your car fare and a chance to win a splendid new Chevrolet automobile when you go to see one of the best shows on earth, you certainly are getting your money's worth.

TAKE YOUR CHANCE. All THE TRIBUNE wants you to do is take a chance at winning the automobile. That costs you nothing.

All THE TRIBUNE wants you to do is take a chance at winning the automobile. That costs you nothing.

LOS ANGELES, March 16.—That nearly half of the farmers in the United States are tenants and that that condition is the bane of agriculture is the statement made by Frederick C. Howe, commissioner of immigration for the port of New York to a United Press reporter.

Howe is an ardent single taxer and believes that the single tax is the best method of decreasing tenancy.

Howe quotes figures showing that 53 per cent of the farmers of Texas do not own their land and in Oklahoma the percentage is 55 and in Kansas 58 as in some counties of that state.

"We are going to see a continual increase in the cost of living and the work out some constructive plan for getting the people back to the land," Howe declared.

"And that ought to be a relatively easy thing in this country with the resources at our disposal."

Howe is a proponent of the single tax, which is a tax on land only. It is stated on good authority that 200,000,000 acres, or about one-fourth of the cultivable area of America is owned in great estates, some of them millions of acres in extent.

Preservation League Debates Amendment

SACRAMENTO, March 16.—Members of the San Mateo County Preservation League and San Francisco representatives debated the Johnson-Bland amendment to the proposed annexation of San Mateo county to San Francisco in creating a greater San Francisco would be considered by San Mateo, it was stated, provided the state constitution is amended to make it impossible for the proposed borough form of government for the peninsula cities to be overthrown at some future date without consent of the inhabitants. The San Francisco representative pleaded that such a guarantee is unnecessary.

WOULD BE MORMON DIVORCE RESULT

Wife Angered at Desire of Her Spouse for Many Love Affairs.

Regrets, expressed in the presence of his wife, that he had not been a Mormon, served to sever the bonds of matrimony between Minnie S. Ellen and Henry Ellen. After listening to the wife tell her story on the witness stand, Superior Judge "Trabucco" granted the decree. Three different love affairs of a "violent nature" were cited by the wife. One of the three held Ellen's attention for a year.

When a husband faints because his wife dances twice with the same man there is a suspicion of jealousy abroad, according to the testimony of Mrs. Eva M. Kukike, who yesterday secured a decree of divorce from Henry Kukike. The wife told the court that when she became so thin she could not wear her wedding ring her husband said it was because she wanted to pose as a single woman. She danced twice at a party with the same man and her husband fainted, so she concluded he was cruel and secured a decree.

"Largest Eagle" to Be Guest at Big Affair

Among the notables to take part in the special stunts which will be given at the eighth annual picnic and outdoor drill of the drum corps of Oakland Aerle of Eagles at Shellmound Park Sunday will be Joseph Krumb, who is believed to be the largest Eagle in captivity. Krumb is well over six feet tall and is built in proportion.

Rotary Club Delegates Leave for Session

Forming a party of forty-two, representatives of the Oakland Rotary Club and their wives departed last evening for Los Angeles to attend the annual convention of the organization in California. A delegation of 127 was sent from San Francisco and every city of importance in the state is represented.

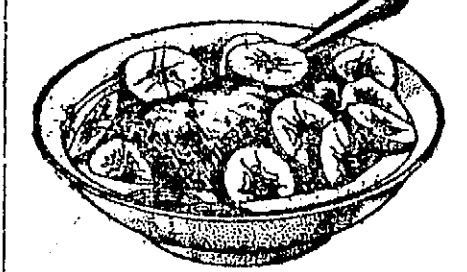

Among those who are delegates from Oakland are President Albert E. Potter, secretary Howard F. Schaefer, Lance Richardson, Clarence Vincent, John D. Holmes, John E. Miller, Herman Johnson, Clyde Schrader, Frank Mayhew, Fred E. Reed, Frank Jones, Harvey Lyon, Henry Hinman, James Cobbleddick, Frank J. Davis, Fred Blachoff, Ed Lawrence, Adolf Scholter, Earl Sharp and John W. Hottes.

Captain's Wife Proves Presidio Fire Heroine

SAN FRANCISCO, March 15.—Groping her way through smoke-filled rooms in search for her baby, Mrs. Madeline Calvert, wife of Captain W. J. Calvert and daughter of Major Parker, proved herself a heroine yesterday afternoon when flames threatened to destroy the home of Major Parker on the Presidio. Flames, started from a defective flue, were raging in the upper story when the blaze was discovered. Believing that her fifteen-month-old son, Parker, was in the nursery, Mrs. Calvert ran into the burning house and searched for him. The child was found at play on the back porch. The fire was extinguished by the Presidio chemical companies.

Your Daily Bread ought to contain all the rich, body-building material in the whole wheat grain prepared in a digestible form.

In Shredded Wheat Biscuit all this material is retained and made digestible by steam-cooking, shredding and baking. It is the best whole wheat bread because every shred is baked crisp and brown. Start the day right with a warm, breakfast of Shredded Wheat with hot milk.

AGED PRISONER SPURNS FREEDOM

Court Agrees With Him After Listening to Past; Gives Six Months.

Contrary to the usual prisoners' desire to be free, Tom Carroll objected to being placed on probation and told Judge Frank B. Ogden this morning that he believed he needed a sentence. Carroll, who is nearly 55 years old, was up on a charge of assault with a deadly weapon as a result of a cutting scrape in a Hayward saloon about two weeks ago. He severely injured Alvin Fawcett, with whom he had some women in the saloon.

The judge asked Carroll why he wanted to go to jail and the only answer he would give was "I guess I'm too old, judge." After further questioning they found he had been "mixed up in a little stabbing affair down in Texas" and was

LOS ANGELES TO COPE FURTHER WITH HIGH COST

Vegetable Market, Run by City, to Follow Fish Selling

LOS ANGELES, March 16.—The tremendous success of the municipal fish markets in cutting the cost of living here is only the beginning of relief work by Los Angeles and today a municipal vegetable and fruit market opened. This will sell produce and dairy products at far less than the current retail prices, according to James P. Bratt, superintendent of the municipal markets.

A plan whereby fish can be shipped here from Mexico daily at a low price has been worked out. About five tons of fish are being sold daily by the municipal markets.

"The victim of a frame up when he was charged with selling liquor to Indians." After this "history" the judge agreed with Carroll and sentenced him to six months in the county jail.

'BIRD LIFE IS WASTED: BRYANT

Expert Pleads for Conservation of Feathered Inhabitants of Forests.

No country in the world is more wasteful of its wild life than the United States, according to the statement today of Dr. Harold C. Bryant of the California Museum of Vertebrate Zoology at the University of California. Conservation of animals and birds, too, must be taught continuously if Americans are not to deplete their forests entirely, Bryant declared.

This evening Dr. Bryant is to give an address on "The Bird Life of California" at the Oakland Y. W. C. A. It will be illustrated by a number of lantern slides made by him during his field investigations. The lecture will begin at 8 o'clock and the public will be welcome.

Tribune-Chevrolet Profit-Sharing Coupon

to be exchanged at the Orpheum box office for a numbered official share in THE TRIBUNE's beautiful \$635 Chevrolet car, to be given away to the fortunate shareholder Monday evening, March 19th, on the stage of the Orpheum Theater.

Exchange it at the Orpheum quickly—today. There is but one condition. Your numbered share must be in the Orpheum on Monday night, either carried there by you, or your representative, when the winning share number is announced.

ALSO NOTE THIS:

Besides entitling you to a Chevrolet car share free this coupon will be accepted at the Orpheum box office, through an arrangement made by THE TRIBUNE, as 10 cents in cash, applying on any orchestra seat for Tuesday, Wednesday, Thursday or Friday evenings. That's why it is called

A TEN-CENT CAR FARE COUPON

It pays your way to and from the Orpheum, and it is just as good as gold when presented at the Orpheum box office. Use it this week, on Tuesday, Wednesday, Thursday or Friday nights, and be given, besides, an official numbered Tribune-Chevrolet Share.

CALOMEL BAD FOR THE LIVER

Dose of Nasty Calomel Makes
You Sick and You Lose
a Day's Work.

Calomel! Calomel! It's mercury. Calomel! It's like dynamite on a slug-like liver. When calomel comes into contact with your bile it causes it to clot, causing biliousness and nausea. If you feel bloated, headachy, constipated and all knocked out, just go to your drug store and get a 50-cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow. Besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Advertisement.

STOMACH

SYMPTOMS

A leading physician of Chicago writes: "Merely easing the pain with narcotics to give relief is a long way from a cure for stomach trouble. Besides the danger of neglect or inadequate treatment may lead to more serious maladies. What appears to be only minor troubles are often the symptoms of gall stones, acute indigestion, gastritis, constipation, auto-intoxication, yellow jaundice, appendicitis, cancer and ulcers of the stomach and intestines, or other fatal ailments." Stomach sufferers should take warning. Do not have blind faith in treatments that are giving no results. Much suffering could be avoided, many surgical operations prevented, scores of lives saved had Mayr's Wonderful Remedy been taken in time. It is not a long drawn out treatment. It acts on the very source and foundation of stomach, liver and intestinal ailments, eliminating from the system the hard, poisonous catarrhal accretions and shows them to you. Try a dose tonight—tomorrow your days of torture will be over and another grateful human being, many who declare Mayr's Wonderful Remedy has saved their life. Get it from your drug store today—tomorrow may be too late. For sale by Osgood, Dept. Drug Stores, and druggists everywhere.—Advertisement.

JUST A DAB OF POSLAM ON SICK SKIN

Just a little dab of Poslam is enough to retard the development of pimples or to clear an existing complexion. The ugliest red nose has been toned down by Poslam overnight.

When concentrated healing power is needed to help an ailing skin, look for that power in its highest efficiency in Poslam.

Broken-out, itching skin should not cause concern with Poslam handy to correct the disorder. Nothing can excel its work for healing.

Sold everywhere. For free sample write to Emergency Laboratories, 243-5 West 4th St., New York.

Urges your skin to become clearer, brighter, healthier by use of Poslam Soap, medicated with Poslam.—Advertisement.

Use Zemo for Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 25c or \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, black heads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles.

CARTER GLASS IS SLATED FOR McADOO JOB?

Banker's Journal Says
Secretary Is Ready
to Retire

BY INTERNATIONAL NEWS SERVICE
LEASD WIRE TO TRIBUNE.
WASHINGTON, March 16.—Carter Glass, chairman of the House banking and currency committee, is slated to succeed William Gibbs McAdoo as secretary of the treasury, says the Journal of the American Bankers' Association today.

Secretary McAdoo feels that he has completed his program, now that the shipping bill, the rural credit bill and the federal reserve act are in operation, and is ready to step down from his cabinet position, the financial publication says.

Secretary McAdoo would not comment upon the story.

BROWN ASSAILS COL. WEINSTOCK

Market Director Is Center of
Hot Debate at Public
Hearing.

BY ASSOCIATED PRESS
SACRAMENTO, March 16.—Whether the state commission market shall be continued with wider power for the market director as proposed by Senator Edgar A. Luce, or whether the act of 1915 which created it shall be repealed by the passage of a bill by Senator John W. Ballard, was the question that was debated until a late hour at a public hearing of the senate and assembly committee on agriculture. So many speakers appeared for and against the bill that it was necessary for the chairman to announce that further hearings would be necessary. A third bill, which proposes to establish a state fish exchange under the jurisdiction of the market director, was not reached.

During the course of the discussion Colonel Harris Weinstock, the market director, was assailed by Senator W. E. Brown for what he declared was a disregard of the purpose of the 1915 act—the establishment of public markets. The senator said that Weinstock had devoted his efforts since the operation of the act to organizing the farmers, producers and fruit growers, with the result that the cost of food-stuffs to the consumers had been raised considerably.

MARKETS NOT NEEDED.
Colonel Weinstock, in reply, defended and justified his course in the organization of the producers and declared that the increased prices were not the result of the so-called producers' combinations. Far from setting the purpose of the commission market act, Colonel Weinstock said that the act gave him discretionary powers in that respect and that, in his judgment, the conditions did not warrant the establishment of public markets.

"The only kind of markets," he said, "if any, that, in my opinion, would have any chance of success would be state and county markets offering farm products to the wholesale trade in such large cities as San Francisco and Los Angeles, not unlike the auction sales conducted in New York, Chicago and other large cities for the sale of California fruits. Such markets can at best be successful, however, only in large centers, where there are enough wholesale bladders to prevent them from combining together, so to speak, to control the offerings."

STATE GOT 70 CENTS.
In urging the passage of his bill which would abolish the commission market act, Senator Ballard said it had been amply demonstrated that the necessity for public markets does not exist. He quoted from the recent report of the market director, showing that during the sixty-seventh fiscal year the commissions on sales received by the market commission were 70 cents, which, he thought, proved the futility of continuing the operation of the act.

Special Hearing for Rominger Wine Bill

SACRAMENTO, March 16.—The Rominger bill, which proposes to close all the saloons in California and to stop the sale and manufacture of all ardent liquors in this state, will be given a special hearing tonight before the Senate committee on public morals. Senator Edgar Luce of San Diego is the bill's champion. This hearing was requested by Senator Rominger, who since the original bill was introduced, has prepared a number of amendments to the measure which will be taken up. Officers of the California Grape Protective Association, who are supporting the bill, will be among those who speak.

Assemblyman Bismarck Bruck, who is actively against the Rominger bill and representing part of the Napa valley, one of the great centers of the grape industry in this state, repeated today that there was a split among the grape men over the bill.

Court Commissioner Job to Be Created

SACRAMENTO, March 16.—A bill to create the office of court commissioner in each county of the state was introduced today by Assemblyman H. W. Wright, who says such a law would be the best method of relieving congestion of court business.

Chairman Ambrose of the Assembly public utilities committee announced today that the committee's action on the compulsory arbitration bill has been deferred until next Thursday.

Stephens Signs His First Extradition

SACRAMENTO, March 16.—The first extradition to bear the signature of William D. Stephens, Governor of California, was issued today and returned to Wilson to Chicago to face a charge of larceny by embezzlement. Wilson was arrested in Los Angeles.

How to Avoid Stomach Troubles.
Digestion begins in the mouth. Food should be thoroughly masticated. Your food should be suited to your age and occupation. People of sedentary habits should eat little meat, but should drink an abundance of water, especially when they first get up in the morning and between meals. When you feel dull and stupid after eating, that shows that you have eaten too much. The bowels should be kept regular. When needed, take a dose of Chamberlain's Tablets. They will improve your digestion and move the bowels.—Advertisement.

KAHN'S

RUSS REVOLT WINS VICTORY FOR PEOPLE

Grand Duke Nicholas Goes to Petrograd to Assume Full Command of Troops Under New Revolutionary Regime

Duma and Zemstvo Take Over Control of Affairs; Liberals Chosen for New Cabinet; Many Arrests During Coup

(Continued From Page 1)

Stores of flour have been uncovered in various parts of the city. The factories have formed a police service for patrolling the factory districts, enrolling one out of every ten of their workmen.

Further details of the events preceding the revolutionary coup in Petrograd are given in a Reuter despatch from the Russian capital.

The despatch says that the working class had decided on "peaceful" street demonstrations Saturday. Early Saturday morning the police warned the citizens not to leave their houses, as it was not safe. In other words, the food demonstrators were to be suppressed with an iron hand. Undeterred, however, by this warning, the people came out in such numbers that the Nevsky Prospect and other main thoroughfares were thronged. The crowds were mostly from the middle classes, as the roads from the labor district were barred. The people were so good-natured and jovial that the authorities believed that the day would pass in peace. Nevertheless they took precautions by sending for reinforcements.

Patrol after patrol of Cossacks, mounted and foot soldiers, and police lined the Nevsky Prospect and the courtyards of the houses were filled with reserves. The crowd, still good-natured, cheered the troops and Cossacks warmly as they showed themselves appreciative.

There was an unprecedented feeling of camaraderie between the populace and the troops. Cossacks doffed their hats repeatedly to the cheerers and some groups of soldiers cheered back at the crowds. It was a sign of the times which the authorities, however, failed to read.

TO ELIMINATE CZAR.

PETROGRAD, Thursday, March 15, 7 p. m. (via London, March 16).—The old regime of Conservatives has been supplanted by Liberals. M. Kerenski, the new minister of justice, is a Socialist. He accepted the portfolio on the stipulation that there should be absolute freedom of speech and of the press and full political amnesty. The cabinet has been chosen wholly from present and past members of the Duma. It was named by the executive committee of the Duma in consultation with other deputies and representatives of the workingmen and the soldiers, which held an all-night session.

Professor Paul Milukoff, the new foreign minister, without prearrangement, declared that the new regime was determined on the elimination of Czar Nicholas and the regency of Grand Duke Michael.

"We shall not change these demands," he said. "We shall have this or fail. We can accept nothing less."

NEW CABINET CHOSEN.

The new cabinet contains men who have been in the struggle against the old government and entered into confidence of the country. Professor Milukoff and M. Shingoroff, the new minister of agriculture, have become especially prominent as champions of the rights of the people. It is due to Professor Milukoff that revelations regarding the political intrigue and corruption of the old reactionary government were brought before the public. While the Duma and the workingmen's committee agreed upon the cabinet, they still remained somewhat at odds regarding the form the new government shall assume. The workingmen's deputy wished to leave the question undecided until after the

HOW REVOLT SPREAD

The early period of the uprising bore the character rather of a mock revolution staged for an immense audience. Cossacks charging down the street did so in a half-hearted fashion, plainly without malice or intent to harm the crowds that they playfully dispersed. The troops exchanged good-natured glances with the workmen and women, and as they rode were cheered by the populace.

Long lines of soldiers stationed in dramatic attitudes across Nevsky Prospect, with their guns pointed at an imaginary foe, appeared to be taking part in a realistic tableau. Machine guns firing volleys of blank cartridges seemed to add another realistic touch to a tremendous theatrical production, which was using the whole city as a stage.

Until Sunday night this pageant continued without serious interruption. Then, as the whole scene lost its theatrical quality; it became a genuine revolution.

ORDERS TO FIRE.

The regiments had received an order from the commandant to fire upon persons assembled in the street. This caused immediate dissolution among the troops, who did not understand why they should be compelled to take violent measures against their fellow citizens, whose chief offense was that they were hungry and were asking the government to supply bread. Several regiments deserted and a pitched battle began between the troops who stood with the government and those who, refusing to obey orders, had mutinied.

A long night battle occurred between the mutinous regiments and the police at the end of St. Catherine canal, immediately in front of the historic church built over the spot where Alexander II was killed by a bomb. The police finally fled to roof tops all over the city and were seen no more in the streets during the entire term of the fighting.

FACTIONS UNDIVIDED.

Still, on Monday morning the government troops appeared to control all the principal squares of the city. Then came a period when it was impossible to distinguish one side from the other. There was no definite line between the factions. The turning point appeared to come about 3 o'clock in the afternoon. For two hours the opposing regiments passively confronted each other along the Nevsky Prospect in almost complete silence.

From time to time emissaries from the revolutionary side rode to the opposing ranks and exhorted them to join the side of the people. For a while the result seemed to have in the balance. The troops appeared irresolute, awaiting the commands of their officers, who themselves were in doubt as to what they should do.

Desultory firing along the side streets between groups of government troops and revolutionists, but the regiments upon whose decision the outcome rested still confronted each other with machine guns and rifles in readiness.

TROOPS JOIN REVOLT.

Suddenly a few volleys were exchanged, there was another period of silent suspense, and the government regiments finally marched over to join the revolutionists. A few hours after the first clash this entire section of Petrograd, in which are located the Duma building, artillery headquarters and the chief military barracks, passed into the hands of the revolutionary forces. The war fire swept like a tornado to other parts of the city, where the scene was duplicated.

At first it seemed a miracle that the revolutionists, without prearrangement, could in such a short time, with comparative ease, achieve a complete victory over the government. But the explanation lay in the

holding of a constitutional assembly which will be charged with revising the present constitution, bringing to a close the long delay. The Duma group, fearing dangers to the country in the absence of a definite government, suggested abdication of the emperor and the regency of Grand Duke Michael. This will be the temporary arrangement pending the decision of the constitutional assembly.

The following additional cabinet appointments have been made: Minister of trade commerce—A. I. Konovallor.

Prosecutor-general of the Holy Synod—H. Troff.

Prince Troff, the new premier, is president of the committee of all Russian Zemstvo unions.

ARMY URGED TO KEEP UP FIGHT BY NEW GOVERNMENT HEADS.

LONDON, March 16.—Deputy Kerenski, the new Russian minister of justice, has decided to frame a measure of general political amnesty, according to a Reuter despatch. Kerenski's dated Thursday. "The Grand Duke Nicholas, commander in the Caucasus, has telegraphed President Rozhkovskiy, chief of staff, he had asked the Emperor, in order to save Russia and bring the war to a successful end, to take the initiative in the present fateful circumstances.

Calm has been quickly restored in Petrograd, although numerous partisans of the old regime have been firing from roofs and garrets upon the troops and inhabitants. By order of the executive committee, soldiers have entered the houses where firing is taking place and removed suspected persons. The garrison of the palace at Tsarskoye-Selo has declared itself on the side of the new government and has welcomed its representatives to the palace.

Minister Arrested. Prince Shakhovskoy, minister of commerce in the late administration, has been arrested by order of the executive committee.

"The military committee of the Duma," says Reuter's Petrograd correspondent in a despatch, "has asked the committee of the soldiers who joined the people and the guards poured rifle and machine gun fire upon the defenders. For a few hours the fiercest battle of the day continued; the streets were kept by steady fusillade and the crowds scattered for the nearest shelter, some of the people being compelled to spend the night in courtyards or corridors of office buildings or wherever they first found refuge.

Toward morning there was a sudden lull, broken by exultant shouts, which deepened into a roar and was succeeded by the Russian revolutionary Marches. The regiments declared that they had surrendered and gone over to the side of the revolutionists.

The ministers in the admiralty building were then arrested and the Russian national colors were replaced by the flag of the revolution.

Although sporadic fighting continued between small groups until Wednesday, the cause of the people had triumphed.

DEMOCRACY CONTROLS.

BY UNITED PRESS.

LEASER WIRE TO TRIBUNE.

PETROGRAD, March 15 (via London, March 16).—Democracy controls Russia. Czar Nicholas has abdicated. Alexanderovich will act as regent until the Czarovich becomes of age. The Empress is being detained; German nobles of the old regime have been captured and a new ministry of the people has been formed.

The greatest hunt for traitors and spies in history was on late tonight. The populace and the army joined in this systematic hunt for pro-German intrigues.

It was their brazen activities that were the prime cause of the downfall of the Czar and his absolutist government. Not even the highest nobles were exempt from this spy hunt.

General Sukhomlinoff, former minister of war, was one of those arrested tonight. He went to join a notorious company of those whose words were law in other days.

The populace and the fully sympathetic troops of the city broke no opposition to their control.

BARON EXECUTED.

BY UNITED PRESS.

LEASER WIRE TO TRIBUNE.

STOCKHOLM, March 16.—Twenty were killed in Monday's fighting in Petrograd. Revolution and anarchy were warring, according to information received today from the Russian capital by the newspaper Extrabladet.

"On Tuesday, the despatch asserted, a mob destroyed several great bakeries, whereupon the government opened additional shops. The railroad lines to Finland were blown up at several points.

Troops in Finland are confidently expected to support the new government. When Minister Golitsin and the old government ordered them to report to Petrograd they refused to do so.

TROOPS STOP CZAR'S TRAIN.

BY INTERNATIONAL NEWS SERVICE.

LEASER WIRE TO TRIBUNE.

LONDON, March 16.—The train bearing Czar Nicholas to Pskov was held by soldiers in Finland. Petrograd, but no violence was offered, said a despatch from the Russian capital this afternoon.

The emperor's 13-year-old son and heir, the crown prince, his father's abdication, is seriously ill of scarlet fever.

The foregoing despatch is the first definite information concerning the Czar's whereabouts that has come from Petrograd since the revolution. It is a city of 40,000 population, the capital of the province of Pskov. It lies 162 miles by rail from Petrograd.

Linemen Lay Wires Across Big Swamps

SEWARD, Alaska, March 16.—Linemen on snow shoes have just completed laying the telephone and telegraph line for the government railroad across a section of swampy and hilly country. It is impossible in summer and have opened communication from Seward to the Toklatka river, 24 miles out, or over half way to Fairbanks.

The northern end of the line is now located at a camp bearing the high sounding and euphonious name of "Dead Horse Hill." The men received its title from an unfortunate prospector in early days.

Superintendent MacFarland also has a telephone line operation to the Matanuska valley. The line is being provided so that the wires of the communication can be used for telegraph and telephone at the same time, trains being able to communicate with the telegraph used for commercial purposes.

One of the lines being open to use by the public at a very reasonable fee communication. The cost of other means of communication.

Auto Agent Arrested for Embezzlement. HAYWARD, March 16.—Earl Sherman, 2340 Ellis street, Berkeley, agent for a firm of automobile manufacturers, was arrested by Constable W. J. Hamilton today on a charge of embezzlement. It is alleged he received from Samuel H. Hamilton of San Francisco, in payment of a divorce and failed to turn it in to his company. He was brought before Justice of the Peace Charles J. Brown and was later released on \$100 bonds. He will appear in court here for examination Tuesday morning.

But he also has been charged with acting as agent for the automobile concern to pay for a car and that the defendant embezzled it. Sherman denies the charge.

STATE PAYS FOR MISSING JEWELS

\$150 Check Received From San Quentin, When U. S. Officials Demand.

A check for \$150 in payment for a gold watch and a diamond pin and ring which were "misplaced" in the office of San Quentin prison was received today by Manuel Ferrara, a Cuban, who has been held at the immigration station on Angel Island since his release from prison two months ago. Ferrara gave up the jewelry when he entered the penitentiary to serve a sentence for having smuggled opium into the country, and when he asked for it upon his release it could not be found.

Ferrara took the matter up with Edward A. White, Commissioner of Immigration, who communicated with prison authorities. Yesterday Mark Noon, state clerk in the prison, mailed the Cuban a check. Ferrara declares that his imprisonment was a mistake. He says that he innocently carried two suitcases across the Mexican line at Tia Juana for an acquaintance, not knowing that they contained tins of opium.

NEW FACTORY IS NOW OPERATING

Shredded Wheat Plant Turning Out Product After Big Opening.

With the arrival of business hours this morning there were started the wheels of Oakland's newest industry of magnitude. In the just completed plant of the Shredded Wheat Company at Twelfth and Union streets conditions were such that a few minutes after the doors swung open this morning all appearance indicated that the plant had been running for a long time, so smoothly did every detail mould itself into the general scheme of things.

Thousands of east bay residents attended opening ceremonies at the plant yesterday. The addresses and band selections and formal behavior were not necessary in telling Oakland and the neighbor cities that new industrial blood had been made, pouring its sustenance into the arteries of American commerce. But, though the program was not vital it gave a restful feeling to all who gathered within the shadows of the \$1,000,000 plant for purposes of aiding in the welcome.

AUTO PARADE.
An automobile parade from the Chamber of Commerce to the plant itself, through Oakland's busy thoroughfares, left no doubt in the minds of the business section that a royal welcome was in the making. Activities began at once, on the arrival of the procession. Bands played and the crowd grew greater and greater in numerical significance, until several thousands were nudging each other in an endeavor to reach the front steps, where the ceremony took place.

Mayor Davis gave the city's official welcome to Shredded Wheat and the people making the product. Joseph King, president of the Chamber of Commerce, told his audience that shredded wheat biscuits had saved his life many years ago in a torrid land, when nothing was left for nourishment but a few boxes of this food and fresh water. Following his vivid narrative, he told the hearers that Oakland, the Shredded Wheat Company and the square deal were one and the same. He expected this new product to aid the east bay onward to industrial supremacy.

James H. Traverser, manager of the plant, answered the welcomes of the two officials, and assured the audience that Shredded Wheat was as glad to be in Oakland as Oakland seemed to have it here. He also expressed appreciation to the Chamber of Commerce for the work it had done since the wheat product and Oakland first met.

A telephone message from the Governor at Sacramento was the official command to open the doors of Shredded Wheat to Oakland and citizens of Alameda county. An eloquent representative of California's and Oakland's association with wheat, with the parts taken by local girls, preceded the public's admittance into the building.

Ceres, goddess of the grain, represented by Miss Annette Tiedemann; Boreas, goddess of California, represented by Miss Vivienne Tweddie; Queen Oakland, by Miss Alice Weaver, and about a dozen other girls, preceded the public's admittance into the building.

Stuart's Calcium, Waters Proved That Beauty Comes From the Blood and From No where Else.

Prove This With Free Trial Package. Plaster your skin all over and you'll stop breathing in an hour. There is only one way to remove pimples, blackheads, eruptions and with its rich antiseptic, and that is by the blood. In Stuart's Calcium, Waters Proved That Beauty Comes From the Blood and From No where Else.

Calcium, Waters, the wonderful calcium sulphate, at once serves to supply the blood with one of the most remarkable actions known to science. This is its activity in keeping firm the tiny fibers that compose our sensitive muscles and those which control the slightest change of expression, such as the eyelids, lips, and mouth. It is this substance that pervades the entire skin, keeps it healthy and driven away impurities. PRISONER USES SHIRT AS NOOSE TO HANG SELF

Inmate of County Jail Fails in Attempt at Suicide

Using his shirt to make a noose, Whitelaw Conness, serving time at the city prison for violating the anti-drug-using laws, last night attempted to hang himself from the top of his cell.

His struggles, after jumping from his bunk with the noose around his neck, attracted jailer Carl Holmberg, who rescued him from his precarious position and had him removed to the emergency hospital.

Shafford is confined to his home in a serious condition. His condition is not serious.

AGED MAN STRUCK DOWN BY FOOTPAD

Struck over the head and rendered unconscious at the door of his home early this morning, F. C. Shafford, 76 years of age of 329 Ninth street, was robbed of \$27 and his watch. Persons within the house heard him fall against the door but by the time they reached him the assailant was running down the street. The police were notified and hurried to the scene but were unable to locate the footpad.

Shafford is confined to his home in a serious condition. His condition is not serious.

S. N. WOOD & CO.

14TH & WASHINGTON - OAKLAND
4TH & MARKET - SAN FRANCISCO

Bought to Sell at Special Prices—These

Women's Coats and Suits

—and the amazing values that will attract scores of Oakland women to S. N. Wood & Co. tomorrow.

Handsome Velour Coats \$15

So apparent is the value in these handsome new 42-inch velour coats at this price that they should be closed out before the day is half over. Note the colors—rose, gold and reseda.

Novelty Sport Coats \$16.50

Fashionable in the extreme with every late color represented—these faithful copies of exclusive high priced coats should attract widespread attention when their low price is considered.

Long Pants Suits, \$13.50
Pinch-back models of blue chevrot—ages 12 to 17 years—a value in a class by itself—\$13.50.

Open Saturday Evening.

Garib Bedtime Stories

By HOWARD R. GARIB.

Once upon a time, when Uncle Wiggly Longears, the rabbit gentleman, was hopping through the woods, looking for an adventure, he heard a loud clucking noise in the bushes.

"Haf! That must be Mrs. Cluck-Cluck, the hen lady," thought the bunny. "She has laid an egg, I suppose. I must wish her happy returns of the day."

But instead of Mrs. Cluck-Cluck, there came from behind the bushes another hen, who at once began to cackle and cry.

"Oh, dear! Oh, dear! I went into the woods and a piece of the sky fell on my head, and now I am surely going to die."

"Tut! tut!" exclaimed Uncle Wiggly, using as jolly a voice as he could command. "In considering such sad words, 'Tut! tut!' Nothing is so bad but what it might be worse. Who speaks of pieces of sky falling, and of going to die?"

"I do," answered the chicken lady. "My name is Henry-Penny, and you may have read of me in a book."

"Perhaps I did," said Uncle Wiggly. "Are you an Arabian Nights?"

"Well, in a book like that. But let me tell you what happened. I went in the woods to look for a piece of sky, when a sudden, a piece of the sky fell on my head, and now I am surely going to die."

"How do you know it was a piece of the sky?" asked Uncle Wiggly.

"Didn't I feel a terrible bump?" asked Henry-Penny. "I know it was the sky."

Uncle Wiggly squinted up at the sky through his glasses. He twinkled his pink nose in the most jolly fashion. "I make Henry-Penny feel more happy like. Then he said:

"I don't see any hole in the sky where the piece fell out that hit you."

"Well, it fell all right," said Henry-Penny. "What fell?" asked another voice.

"Turning around, Uncle Wiggly and Henry-Penny saw Ducky-Lucky walking along."

"Oh, Ducky-Lucky!" exclaimed Henry-Penny, seeing the most jolly fashion. "I make Henry-Penny feel more happy like. Then he said:

"I don't see any hole in the sky where the piece fell out that hit you."

"Well, it fell all right," said Henry-Penny. "What fell?" asked another voice.

"Turning around, Uncle Wiggly and Henry-Penny saw Ducky-Lucky walking along."

"Oh, Ducky-Lucky!" exclaimed Henry-Penny, seeing the most jolly fashion. "I make Henry-Penny feel more happy like. Then he said:

"I don't see any hole in the sky where the piece fell out that hit you."

"Well, it fell all right," said Henry-Penny. "What fell?" asked another voice.

"Turning around, Uncle Wiggly and Henry-Penny saw Ducky-Lucky walking along."

There is one sure way that has never failed to remove dandruff, once and for all, and that is to dissolve it, then just get about four ounces of plain, common liquid arvon from any drug store. (This is all you will need.) Apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.

Physicians Will Talk on Important Problems

Sex problems and birth control will be considered by professors of the University of California in a series of lectures at the San Francisco Polytechnic at 11 o'clock on the morning of Tuesday, March 20. "The Social Aspects of Mental Diseases" will be the subject of a talk by Dr. Philip King Brown at the Polytechnic at 11 o'clock in the morning, Thursday, March 22.

HEAVEN, HEAVEN, IS SUBJECT. "The Evolution of Heaven and Hell" will be the subject of Rev. Albert W. Palmer's evening sermon at Plymouth church Sunday. It is the fourth in a Lenten series on "The Passing and the Enduring in Religion." The musical program will be made up entirely of compositions of Haydn and Mozart, being the fifth in a series illustrating the development of church music. The subject of the morning sermon will be "How to Judge Men."

Simple Way to End Dandruff

There is one sure way that has never failed to remove dandruff, once and for all, and that is to dissolve it, then just get about four ounces of plain, common liquid arvon from any drug store. (This is all you will need.) Apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

SAVE YOUR HAIR AND BEAUTIFY IT WITH 'DANDERINE'

Spend 25 Cents! Dandruff Disappears and Hair Stops Coming Out.

Try This! Hair Gets Beautiful, Wavy and Thick in Few Moments.

If you care for heavy hair, that shines with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp, the hair becomes thin, loosens and dies; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy, you only get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair, you must use Knowlton's Danderine. It eventually—why not now?—Advertisement.

SUGGESTION TO WOMEN

Who Are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did.

She kept house for my little family of three, and became completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my housework. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system, I regained my strength, am no longer nervous, sleep well, and do all my housework. Mrs. J. C. Maxwell, Montgomery, Ala.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we are compelled to offer the money paid for Vinol in every case where it fails to give satisfaction.

The Owl Drug Co., Oakland. Also at the leading drug store in all California towns.—Advertisement.

Do you want a clear skin?

If your skin is not fresh, smooth and glowing, or has suffered from an unwise use of cosmetics, here is an easy, inexpensive way to clear it. Spread on a little Resinol Ointment, letting it remain for ten minutes. Then wash off with

Resinol Soap

and hot water. Finish with a dash of clear, cold water to close the pores. Do this regularly, once a day, and see if it does not quickly soothe and cleanse the pores, lessen the tendency to pimples and blemishes, freshen and velvety. Resinol Soap and Resinol Ointment are sold by all druggists.

FRECKLES

March Brings Out Unsightly Spots. How to Remove Easily.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have strong tendency to make her freckle.

Fortunately for her piece of mind, the prescription, ointment—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength ointment should remove them. Get an ounce from your druggist and banish the freckles. Money back if it fails.—Advertisement.

HYOMEI
(Pronounced High-O-Me)
ENDS CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by The Owl Drug Co.

MRS. PAUL HAVENS was one of the many society women to entertain guests this afternoon at the Shamrock card party of the Oakland Center at Hotel Oakland.

The personality of St. Patrick has become lost with the ages. Society takes it for granted that he was a genial gentleman and one whose memory it is well worth remembering. Also, there seems to be a confusion between the saint and the Emerald Isle itself. Hence, the vivid greens of the celebration, the high hats, the old pipes, the shamrock and the shillelagh. And these are being made excuses for a whole procession of festivities as quaint as old Ireland itself and as merry. For St. Patrick claims the smart set to-morrow.

One of the larger functions of the evening is the dance at which Mr. and Mrs. A. V. Stevenson and their gifted young daughter, Miss Neville Stevenson, will entertain at their handsome home in East Oakland. The Stevensons have, but recently joined the colony east of the lake and are most happily content with their choice. More than thirty of the younger set will accept the Stevensons' hospitality.

There is a large number of friends who are interested in the wedding of Miss Alma Lillian Norton and John Edward Hare, which will take place to-morrow in the Glenview Mission Inn in Riverside. Hare is an instructor in physiology in the University of California, where he is in his senior year. Since entering college he has been identified with the Sigma Xi fraternity. Miss Norton spent a year or so as a student in Mills College but left to make preparations for her marriage which will bring her to the bay cities to make her home.

St. Patrick's Day was chosen for the wedding by Miss Norton, who had the pretty idea of solemnizing her own marriage on the anniversary of the wedding day her parents had. She is an attractive girl, the daughter of Mr. and Mrs. John B. Norton of Compton, southern California. Hare belongs to a prominent family of England, his parents being Mr. and Mrs. J. William Hare.

Miss Dora Atwater is dividing with St. Patrick the honors of the afternoon when Mrs. William Lorimer Loughlin entertains at an original planned affair which will be enjoyed by the mutual friends of the hostess and guest of honor. It is but a few weeks before Miss Atwater leaves for her wedding to become the bride of James Cunningham Wallace and thus culminating a pretty romance of school days. Shipboard will give the setting to the marriage of the popular Oakland girl and her fiancé who is finding his work in the mines of Central America.

Among those who have been asked to meet Miss Atwater tomorrow are: Miss Lindell Wright, Miss Doris Hutchins, Miss Sarah Phillips, Miss Margaret Boveraux, Miss Juliette Atwater, Miss Katherine Kessler, Miss Marjorie Porter.

Another bride-elect who is to receive the compliment of her friends to-morrow is Miss Alice Hiestand. The hostesses who have arranged the delightful affair number Mrs. Douglas Parker, Miss Lucy Brennan and Miss Emily Moore. They have included a genial coterie of their intimates in the invitation for the matinee across the bay to be concluded with a St. Patrick tea.

The men of the University of California chapter of the Kappa Sigma fraternity are looking forward to the stag dinner which will have Edward Walsh as its host tomorrow evening. The accepted compliment of a St. Patrick's party will be used for the mid-March feast which will have the Claremont Country Club as its background.

Even the University Mothers' Club relaxed its strenuous pursuit in the administration of kindly deeds to plan a celebration in honor of the patron saint of Ireland. Tomorrow at Hotel Shamrock the board of directors will receive more than 200 guests at an elaborate function which will be in the form of a tea. However, a program of music and dancing has been arranged to while away a delightful hour.

Blossomtime has inspired the officers and directors of the Alameda County Society for the Study and Prevention of Tuberculosis to plan a motor trip which will take them down into the Livermore Valley to-morrow. While a visit to the new Alameda County Tuberculosis Sanatorium under construction which will be an important factor in their work of the future is the purpose for the interesting pilgrimage through the pink and white lanes of fruit trees, the day will not be without significance. At 11 o'clock the motor cars will leave from Hotel Oakland, where the guests have been asked to assemble. Each little group of friends are looking out after their own selves so that the midday feast will have the features of a big picnic which of late has not been much in vogue although altogether delightful. The afternoon luncheon will be partaken of in the Livermore vale with a couple of hours given up to going over the

grounds and buildings before the return to town.

Harrison S. Robinson is president of the society with Charles E. Snook and Mrs. Allen G. Freeman as vice-presidents. Other officers are: Treasurer, Fred E. Taylor; secretary, Miss Annie Florence Brown; executive secretary, T. C. Cuvellier.

The directors number Arthur Arlett, Dr. F. W. Browning, Mrs. Charles S. Chamberlain, Ezra Decoto, Judge William H. Donahue, A. F. Edwards, Mrs. Morris Falk, Dr. Susan J. Pen-ton, Dr. John N. Force, Dr. A. Hieronymous, Mrs. T. E. Hogan, A. Jonas, Mrs. C. H. King, Walter S. Mackay, John P. Maxwell, Victor H. Metcalf, Miss Ethel Moore, Mrs. John Parker, Dr. Clarence Morris, E. B. Pendleton, Mrs. G. W. Percy, Mrs. Walter H. Seaver, Mrs. A. C. Shoup, Dr. E. R. Sill, Harry H. Smith, H. C. Taft, Arthur G. Tashira, Mrs. F. C. Turner, Rev. P. J. Van Horn, Mrs. L. R. Webster, Miss Mabel Weed, Miss Mary Wilson.

Included in the executive committee are Dr. A. S. Kelly, Rev. Clifton Brown, Mrs. Mark L. Requa, John H. Brown, Dr. Edwin von Adelung, with the auxiliary committee as follows: Mrs. Wallace M. Alexander, Miss Edith Bridges, Mrs. C. C. Clay, Mrs. J. P. Carleton, Mrs. Frank Glass, Mrs. Walter Morris, Mrs. W. C. Wickham, Mrs. Dudley Kinsell, Mrs. Joseph R. Knowland, Mrs. John L. Lohse, Mrs. Henry Martinez, Mrs. Harry East, Mrs. Stanley Moore, Mrs. Walter Moore, Mrs. William E. Sharon, Mrs. Fred Sherman, Mrs. Francis Marion Snook, Mrs. Oscar Sutor, Miss Emma Wellman, Mrs. Willard Williamson.

Mr. and Mrs. William R. Williams and their pretty daughter, Miss Bernadette Williams, returned to their Claremont home yesterday from a motor trip to Sacramento, where they spent several days at the capital. Williams is state superintendent of banks with official connections in Sacramento. Miss Williams is one of the charming brides-elect of the later season, her betrothal to John Clifton Ernst, Jr., of Sacramento, having been an announcement of the early year.

Easter week will give to the smart set an elaborate benefit party at Hotel Oakland when the door prizes will be offered in addition to the dainty gifts to the best player at each of the several scores of tables. Those who will act as hostesses are, besides Mrs. E. J. Boyes, Mrs. Daniel Webster, Mrs. Harry L. Anderson, Mrs. Mina Gleason, Mrs. Robert Glenn, Miss Lillian Gard, Mrs. George A. Hall, Miss Ivy Murphy, Mrs. Charles S. Neal, Mrs. Fred Reed, Mrs. B. F. Shaw, Mrs. P. A. Stearns, Miss Elizabeth Smilie, Miss Effie Smilie.

Miss Carmen Ghirardelli, accompanied by Mr. and Mrs. Thomas Watson, is leaving to-morrow on a motor trip which will take them to the southern part of the state for several weeks. Upon her return to Piedmont, the popular young fiancée of George W. Barker, Jr., will be showered with those favors which the dawning of Easter will be a signal for.

Next week the score of members of the Monday Reading Club will take their way to the Claremont Hotel where they will be the guests of Mrs. W. D. Huntington at a delightful gathering. This group of women are meeting occasionally for an informal hour, which is given over to the consideration of matters literary and rounded out with a chat over the tete-a-tete. The club includes in its personnel some of the best informed women in Oakland and for that reason its meetings are of more than ordinary interest.

Among the interesting weddings of the later year will be that at which Miss Alice Snook will become the bride of John Bernard Wells of Minneapolis. The bride-elect is the daughter of Dr. John Snook and Mrs. Snook and one of the most popular girls in Berkeley. Wells is the son of Mr. and Mrs. John Wells, formerly the family resided in Claremont but are now making their home in Los Angeles. Wells himself is an engineer whose profession keeps him on the Atlantic coast.

Mrs. Robert J. Burdette was the guest of honor at an elaborately appointed luncheon this afternoon at which Mrs. F. M. Smith entertained at "Arbor Villa," the Smith estate in East Oakland. The guests numbered the several women trustees of Mills College, among whom the hostess and guest of honor are included. Covers were laid for Mrs. Smith, Mrs. Burdette, Dr. Aurelia Reinhardt, Mrs. A. F. Morrison, Mrs. Sophia Pike Peart, Mrs. E. C. Wright, Miss Janet Haight and Miss Ethel Moore.

Mrs. Burdette has come up from her Pasadena home to spend a week or so in the bay cities. She is a guest at Hotel Oakland.

AMERICAN AIRMAN KILLED.
SANTA ROSA, March 16.—Mrs. Louise Mering of this city was surprised and shocked to receive word from eastern relatives that her grandson, Frederick H. Wallace, an American mining engineer, employed at Santa Rosa, had been shot down by the French while in the aviation service of the Teutonic powers last week.

Amended Complaint Filed in Divorce Case

A compromise by which the relations, if any, of Dr. James M. Shannon and Miss Clara Westover, a nurse, will not be presented to the court in the pending divorce between Dr. Shannon and Mrs. Ada Shannon, has been reached between the litigants. This morning an amended complaint was filed by the wife containing the allegations of cruelty other than those involving Miss Westover.

Last August Mrs. Shannon filed her complaint and published sensational charges against the physician. They had parted some time prior and the doctor was out of the city when the action was instituted. When the complaint was filed Mrs. Shannon secured a restraining order against \$25,000 worth of property.

Citizens Will Drive Chinese From City

LAGRAND, Ore., March 16.—At a mass meeting held here a resolution was adopted calling upon citizens to meet next Saturday and drive all Chinese from the city. The action was the result of an accidental shooting of Mrs. C. B. George by highlanders during a battle last Tuesday.

Quon San, a Chinaman from Los Angeles, who arrived here today, was arrested and held on a charge of carrying concealed weapons. Several other strange Chinese also arrived here today.

Captivating Mary Carson

By HENRY SYDOR HARRISON
(Continued from yesterday.)

Hackley leaned far over the bar, and shook his fist in the boss' face. "I ain't a man," he shouted, "to be pushed an' nagged at in a deal like this. I takes my time, I makes my plans, I decide on the ways I'll do it. Do yer pipe to that? An' now I've got ever'thing fixed and I'm ready. Do yer see?"

"The boss, who had retreated a step before that menacing fist, glanced out of the window and instantly started, this time with an amazement that was genuine.

"Why, blast my eyes," he cried, raising a pudgy arm, "if there ain't that dog Stanhope now!"

Hackley, following the pointing finger, peered over the green silk curtain out into the darkening street. A young man, tall and rather thin, in a blue suit and wide gray-felt hat, was walking slowly and with a slight limp up the cross street, evidently heading for the Palace hotel.

The two men watched him intently, in a moment of perfect silence. Then the boss, who was not without a certain dramatic sense, said slowly: "Marmie Orlick's old friend!"

A baleful light leaped into Hackley's eyes. He broke away from the bar with a movement that was like a wrench, and started for the door. "I'll fix him," he muttered dourly. "Fix him good."

But Ryan, who wanted something much better than that, sprang around the bar like lightning, and caught Hackley roughly by the shoulder, at the door.

"What, here in the square!" he hissed sharply. "With the police in sight a most! Why, you fool, it'll mean the pen for you as sure as your name's Jim Hackley."

Hackley paused, his resolution unsettled by the other's superior knowledge of the law.

"No, no, Jim—it won't do," went on Ryan with bland decisiveness. "What you want is the two of them together, hey?—on a nice dark stretch o' road, and old Orlick and a few good fellows along to help. You ain't the only one that's got it in for Stanhope, are you? An' you want Maginnis, too, I guess? Come on in the office and talk about it over a seeger."

(Continued tomorrow.)

Clipped Wings

By RUPERT HUGHES

(Continued from yesterday.)

Tommy Jerrens, who had some bitter acquaintance with the ductile qualities of that community, emitted a long, low "Whew!" He said that they would be lucky to get five cents a head in that town, and no more may heads at that. This sum was reluctantly accepted by Sheila, and the syndicate moved to adjourn.

Sheila put her hand in Mrs. Vickery's and checked one knee respectfully. But Mrs. Vickery, with an impulse of curious subservience, knelt down and embraced the child and kissed her.

She had an odd feeling that some day she would say, "Sheila, remember? Oh yes, I knew her when she was a tiny child. I always said she would startle the world."

She seemed even now to hear her own voice echoing faintly back from the future.

The guests made a quiet exit at the door, but they stamped down the steps like a scamp of sheep. Sheila's piercing cry came back. It was wildly poignant, though it expressed only her excitement in a game of tag.

(To be Continued Sunday.)

Women Commissioners May Face Diver Peril

WASHINGTON, March 16.—Just before the German submarine zone order went into effect Mrs. Harriet M. Johnston and Mrs. L. W. Neely of Muncie, Indiana, sailed as American trade commissioners to China to perfect financial connections and trade bases in that republic for American trade. Their work today is practically completed; but how they are going to get back home is a question, unless they care to brave the U-boat danger zone. No direct word from the men and women members of the commission as to their plans have been received. Other members of the party are: General Julian S. Carr, Durham, S. C.; Fernando P. Noel of Kansas City, Julius O. Frank of Milwaukee, Ga. and J. Lawson and Fred Landeck of Wisconsin.

Quon San, a Chinaman from Los Angeles, who arrived here today, was arrested and held on a charge of carrying concealed weapons. Several other strange Chinese also arrived here today.

Youth Faces Charge of Stealing Clothes

Albert Parker, whose case was to come up for a jury trial yesterday, waived trial and pleaded guilty to a charge of burglary.

Parker is alleged to have entered the clothing store of Mangus Freeman on Eighth street, January 15. As he was leaving the store carrying the clothes in a suitcase a policeman saw him and called for him to stop.

Parker immediately started to run, throwing the suitcase into a yard as he ran. After many blocks' chase, and after five shots by the policeman, Parker ran into the arms of another policeman.

The suitcase was found containing the clothes taken from Freeman but Parker denied ownership of the suitcase and explained his flight, saying that the police officer fired at another man and he was running away because he was afraid one of the bullets might hit him. Parker will appear before Judge Ogden for sentence next Monday.

State to Help Build "Buffalo Bill" Statue

CODY, Wyo., March 16.—Plans for the erection of a statue for "Buffalo Bill"—Col. William F. Cody—here in his home town have been given impetus with the passage of a bill by the legislature appropriating \$6000 to assist the local committee. The local organization anticipates no difficulty in raising the full amount needed.

GUARDSMEN ASK MORE RECRUITS

Local Companies in Danger of
Being Mustered
Out.

Calling attention to the danger that the local companies of the National Guard may be mustered out of service on April 1, unless they are filled up to the minimum strength, members of A and F companies and the battery of field artillery have issued a call to the patriotic young men of Oakland to enlist in the organization. Only nine more men are needed by F company of infantry to fill its ranks to minimum strength, while A company and the battery are in need of a large number of recruits.

A recruiting sergeant is stationed at the armory, 535 Twenty-fourth street, and volunteers will be welcomed there at any hour. Any young man between the ages of 18 and 35, who is unmarried and physically qualified, will be enrolled upon his request. In the appeal issued by the organization, stress is laid upon the danger of war in the near future.

"If the President should issue a call for volunteers," it reads, "practically 75 per cent of the young men of Oakland would respond. So why not enlist now, get military training and be a valuable man to your country in time of need, instead of being a recruit when you are needed most? Why wait until you are called and then be sent to the front with about one-third of the training you should have had?"

BOYS ARE THIEVES.

PORTLAND, Ore., March 16.—Two boys, one aged about 8 and the other 11 years, invaded three residences in a fashionable residence district of Portland late yesterday and obtained \$17 in cash, leaving behind hundreds of dollars worth of jewelry, according to a detective's statement today. The boys would ring the doorbells of the houses and if no response was made would enter through a window.

Ships Again Go Up the River Read It in Sunday's Tribune

River steamers will go from Oakland up the Sacramento at all seasons of the year when the money appropriated by nation and state is expended for the deepening and widening of the channel. Millions are to be spent for flood control and reclamation, to mean the safeguarding of homes and farms and the saving of vast amounts. A story of the "Coming Back of the Sacramento" will be published in the magazine of the Sunday TRIBUNE. Did you know that long ago steamers sailed around the horn to Oakland and then up the river far past Sacramento, and that it was the miner with his hydraulic that was responsible for the filling of the channel? The story reads like a romance and brings a promise of golden opportunity about to be realized.

In Oakland is a spot known as the most-sung square mile in the world. A railroad story of science and safety is another of the magazine features.

Bertillon has always been the hubger of burglars. Read "Crime's Double Ledger" for little known facts of crime and law. The magazine also has a story of a museum that goes to the school, a way Oakland has of giving the children more than the ordinary education.

"Clipped Wings," by Rupert Hughes, "Captivating Mary Carstairs," by Henry Snyder Harrison, short stories of local interest and a page of fashion—they are all to be found in the Sunday TRIBUNE.

And then—there is the art page, music page, science, weeklies, garden information, the sprightly comment of The Knave, four pages of comics, etc., etc.

Auditorium Will Be Granted to Children

Commissioner Harry S. Anderson has obtained from the council authorization to set aside fifteen additional days to the schools for free use of the municipal auditorium theater. The school department already has called on six days a year for the activities of the different organizations. The main auditorium is also included in the dispensation.

The cost to the pupils when the auditorium is engaged for affairs to which admission is not charged is \$25, while \$50 is to be charged when basket ball games or other athletic events, concerts of displays are held.

With the additional fifteen days granted the schools it is believed that the greater part of the affairs and events held under the auspices of the pupils' organizations can be included without any charge.

Youthful Bandits Are Held for Robberies

Clarence M. Carlgren and Leslie E. Sorenson, the two youths who pleaded guilty to a series of automobile hold-ups in the Lakeside district during a period of two months, have been held to answer in the Superior Court by Justice of the Peace James G. Quinn. Their bail was fixed at \$10,000.

Mr. and Mrs. Edward Beck of 281 Lee street were the complaining witnesses. They were held up and robbed of money and jewelry near their home on the night of Feb. 23. A car was driven away with them and they were found in possession of the goods after their apprehension by the police. Inspector S. C. Hodgkins testified for the police department.

Carlgren and Sorenson were released from the Salem, Ore., penitentiary January 2, and they came to Oakland with their mother, Mrs. Carlgren. They lived at the Owen apartment house, 1000 street, which place they made their headquarters in operating their bandit career.

Sanitarium Will Be Inspected by Society

Members of the Alameda County Anti-Tuberculosis Society will motor to Livermore tomorrow morning, starting from Hotel Oakland at 11 o'clock, to inspect the new county tuberculosis sanitarium which is now in course of construction. They will take their lunch baskets with them and will have luncheon under the trees at the sanitarium site before the inspection.

Henry M. Meyers, the county architect, will explain the special features of architecture embodied in the buildings. Miss E. L. M. Tate, director of the Bureau of Tuberculosis of the State Board of Health, will tell of the construction in construction and equipment to be installed for the comfort of tuberculosis patients.

The sanitarium is situated one mile out of Livermore on slightly elevated property commanding a view of the entire Livermore valley. State authorities say it is one of the best tuberculosis sanitariums in the state in the United States. When completed the sanitarium will be the finest of its kind west of Chicago.

'Slaughter House Zone' Assailed in Protest

Petitions containing nearly 100 signatures have been presented to the city council asking that the present "slaughter house" district in the vicinity of Fitchburg be abolished and relocated elsewhere on the grounds that "the growth of the city in that section of the city has resulted in the plants becoming public nuisances."

Commissioner Harry S. Anderson stated that there appeared to be legitimate reason for the protest that upon his suggestion the council met April 3 as a date for hearing the complaints. The petitions were circulated by the Parents' and Teachers' Association of the Lockwood School, the East End Civic Center, the Fitchburg Improvement Club and students in the immediate vicinity of the plants.

Veteran of Consular Forces Passes Away

SAN FRANCISCO, March 16.—After a service of twenty-one years as Consul General from Salvador, Encarnacion Mejia, dean of the San Francisco consular corps, is dead in his home at 2555 Vallejo street. He succumbed to chronic heart trouble after an illness of one month. He was 75 years of age and is survived by a widow and six children: Elvira, Leonora, Edward, Coralia, Arthur and Xnez Mejia. He first came into prominence in the diplomatic world in 1890 as Commissioner General to the Paris Exposition and as Minister to France from Nicaragua. He founded the first banks in Guatemala and Nicaragua and built the first street railway in Salvador.

Schumacher Is Chief of El Paso System

NEW YORK, March 16.—The election of J. M. Schumacher as president of the El Paso & Southwestern railroad and subsidiary companies was announced today. He has been vice-president in charge of the entire system for several years.

Two Taken to Niles to Face Theft Charges

John Kelso and Philip Curtis, who were caught cutting wire on the Ellsworth ranch some days ago, were taken to Niles for a preliminary examination before Justice of the Peace Ralph Richmond. Numerous thefts have puzzled the police until the arrest of the wire thieves who were found on top of a power line pole after E. B. Ellsworth became suspicious when his lights went out.

Nominations of 400 Postmasters Confirmed

WASHINGTON, March 16.—In the face of positive hints from administration Senators that President Wilson shortly will issue an executive order putting all first, second and third-class postmasters under the civil service, the Senate this afternoon confirmed the nominations of approximately 400 postmasters of various classes.

Registration Office to Close Tomorrow Night

According to County Clerk George E. Gross, the registration office will be open until midnight tomorrow night. This will give people who are unable to reach the registration office during the usual hours an opportunity to register for the primary elections on April 17.

WESTERN YARDS OUTLINE PLANS

Will Share in Largest Order for
Battleships; Contracts
Are Let.

Two of the six scout cruisers ordered by the federal government to be constructed in the Union Iron Works and two by the Seattle Construction Company are the Pacific coast share of what is believed to be the largest single order for battle craft ever placed by any nation. Contracts awarded by the navy department call for four great battle cruisers and six scout cruisers, to cost nearly \$115,000,000 for hulls and machinery alone. A fifth battle cruiser is to be built at the Philadelphia navy yard.

The major shipbuilders, in conference with Secretary Daniels, have agreed to keep 70 per cent of their working force on navy construction and to keep their profits down to 10 per cent on important work. The agreement practically places the shipyards at the disposal of the government without the necessity of invoking the Presidential authority to commandeer plants.

Each class of cruisers ordered are new types to naval architecture and are designed for a speed of thirty-five knots an hour.

The scouts were awarded on bids submitted yesterday, prices ranging from \$5,550,000 to \$5,998,000, and stipulated time of delivery from thirty to thirty-two months. These figures can be no guide to the actual cost of the battle cruisers, however, the emergency clause of the naval appropriation bill, construction will be hastened to the limit, the government footing the bill for additional cost.

Each battle cruiser, the fixed limit of cost of which is \$19,000,000 per ship, exclusive of speeding up expense, was placed as follows:

Newport News Shipbuilding and Drydock Company, two ships; Fore River Shipbuilding Corporation, one ship; New York Shipbuilding Company, one ship.

With the exception of the New York company, each prize builder will have to install new ways and machinery for the huge craft. The government will bear its fair share of this expense. Already an appropriation of \$5,000,000 has been ordered expended to equip the Philadelphia yard.

The other two scout cruisers will be built by William Cramp & Sons of Philadelphia. Cramps and the Union Iron Works may be called upon also to build the destroyer tenders. In addition to the fifteen destroyers authorized by the last naval appropriation bill, the department is planning to construct many craft of this kind under the small boat emergency fund.

MORE VESSELS PLANNED

Of the authorized building program remaining to be contracted for are three dreadnaughts, thirty-eight submarines, the fifteen destroyers and several auxiliary vessels. Bids will be opened early in April on these craft and at the same time orders will be placed for more than 100 coast patrol boats.

A committee of small boat builders already has approved the plans for these craft, which will be of high speed and 110 feet in length, insuring good seagoing qualities.

U. S. to Insist on Admitting Vessels

WASHINGTON, March 16.—The United States will, under no circumstances, recognize the right of other neutrals to bar its armed vessels from their port. This was made clear at the State Department today upon the receipt of advices from Copenhagen that Holland might not permit armed American ships to enter its harbors. It was denied that any negotiations concerning this matter are going on between the United States and other neutrals and it was indicated that serious complications might develop if any abridgement of American rights in this respect be attempted.

Promises to Haunt Woman; Kills Himself

LOS ANGELES, March 16.—"Magdalena, my future wife, note well what I say. After I am dead my ghost will be near you all the time and you will have worms in your heart day and night."

Leaving only a note with this explanation, Pietro Giusto, an Italian from San Francisco, threw himself through the head in a rooming-house last night. A certificate of suicide was signed by the coroner today.

When YOU Look in the Mirror does YOUR Face Look Mottled, Discolored & Wrinkled, or Clear, Fair & Lovely?

Crème Tokalon
Banishes every complexion blemish and gives new beauty to dull, tired eyes.

Many a hollow-cheeked, wrinkled, aged-looking woman has "come back" and made herself look most beautiful, youthful and charming in from two to three weeks' time, after she had given up all hope of ever regaining her girlish attractiveness by means of this wonderful simple method. Merely wash your face in warm water at night and rub in a generous amount of Crème Tokalon. Repeated, which you can obtain from the druggist. In the morning wash the face with cold water and rub in more cream. Day by day watch how the old, hardened, coarse, rough skin becomes new, fresh, soft and youthful looking all due to simple cosmetics of the skin, produced by warm water and rosinated cream. If you have wrinkles get a box of Japanese Pencils from your druggist and use them in connection with the cream, and you can get quick action on the deepest wrinkles, no matter how long standing. There is no reason why any woman between thirty and thirty-five years of age should look from five to fifteen years younger by simply following these directions. Crème Tokalon is made in the Japanese Ice Pencils can be obtained at small cost from Druggist, Dept. at Kinn's, or meet any good druggist or department store in this city. Advertisement.

JEBSEN'S DEATH IS CONFIRMED

German Sea Captain, Formerly
of San Francisco, Died
on U-Boat.

Absolute confirmation of the reports of the death of Fred Jebesen, the intrepid San Franciscan, whose demise has been rumored and denied for a year past, has been received in a letter written to Mrs. Cesar Berthou, Northgate apartments, Berkeley, from Jebesen's sister, Mrs. Clotilde Bour-wie, of Slegen, Germany. According to this communication, both Fred and his younger brother, known here as "Hagge" Jebesen, have been killed in the service of the Fatherland.

"My brothers gave up their lives to their country," is all that the brief message tells of the loss. Strictness of censorship is supposed to be the reason why no details are given. Mrs. Berthou believes that Fred Jebesen was killed on the U-boat which was attacked in 1915 by the British steamer Paragon.

Fred Jebesen played a spectacular role in the Pacific in the early months of the war. His steamer, the Mazatlan, made a dash down the coast to carry coal to the German cruiser Leipzig, then lying upon allied merchant trade in the western ocean. With a compatriot, Zur-Helle, he personally superintended the transfer of the coal off the Mexican coast and the left the vessel.

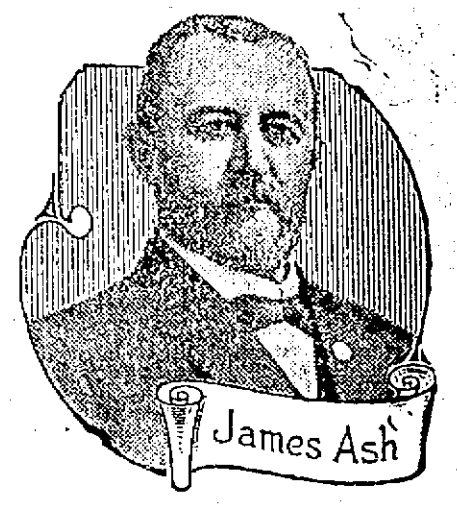

Since that day but little has been heard of the actions of the one-time shipping man of San Francisco. He has been reported as being in various parts of the United States and Europe.

Program Arranged for Beach Affair

Everything is in readiness for tomorrow night's big masquerade ball and celebration at Neptune Beach under the auspices of certain east bay newspapermen. The night's program will be set in motion at 8 o'clock by a salute to St. Patrick by a battery of bombs. Almost immediately following this ceremony, Aylator Guy Colwell will ascend with Miss Florence Jones as observer for the sham battle against Company F, National Guard, in charge of Commander Harry Nelson. Festivities are to begin in the pavilion at 9 o'clock with a parade of notables. The masquerade ball, which will be informal, will be at 8 o'clock.

Simple Laxative Remedy Best for Constipation

Dr. Caldwell's Syrup Pepsin
Gave Satisfaction When
Nothing Else Would.

James Ash

Nearly every one, at one time or another, suffers from constipation, or inactive bowels, and one of the few conclusions upon which the doctors agree is that regularity of the bowels is essential to good health.

In the family medicine chest of most well-ordered households will be found one or more of the various remedies recommended for the relief of constipation. In the majority of homes today the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin is recognized as the standard laxative. Druggists everywhere report a constantly increasing demand for this splendid remedy which is sold for fifty cents a bottle.

Mr. James Ash, 102 Green St., Cumberland, Md., wrote to Dr. Caldwell that he found Dr. Caldwell's Syrup Pepsin the most effective remedy for constipation he had ever used and that he always keeps a bottle of it on hand for use when necessary.

Dr. Caldwell's Syrup Pepsin is a mild laxative, and does not grip or strain, but acts gently and brings relief in an easy, natural manner. Its freedom from opiates or narcotic drugs makes it the ideal family laxative.

To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 465 Washington St., Monticello, Illinois.

Honest Advertising

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher honestly advertised, honestly placed before the public, and from which he honestly expects to receive his reward.

Genuine Castoria always bears the signature of *Charles H. Fletcher*

BILL CLEARS WATERFRONT LEASE PLANS

With Senator Tyrrell's bill limiting leases of Oakland waterfront properties to fifty years safely passed through the Assembly and Senate, there is only necessary the signature of the Governor to make the measure a law. It is not anticipated that there will be any delay in this quarter, and only civic organizations are preparing to proceed with plans for the development of the commercial possibilities of the city along lines already marked out.

The attitude of the mayor's advisory committee on waterfront affairs has been expressed by Harrison S. Robinson, who comments as follows: "The passage by the state legislature of Senator Tyrrell's bill amending the grant of state tide lands to the city of Oakland, specifically limiting leases of waterfront property to fifty years and definitely authorizing them for that period, is a forward step in the commercial development of Oakland. The Oakland charter as it now stands limits waterfront leases to a period of twenty-five years. The state of California has gone on record as authorizing leases for fifty years. Oakland should at once take this suggestion and modify its charter so as to allow leases for the same period of time as permitted by the state."

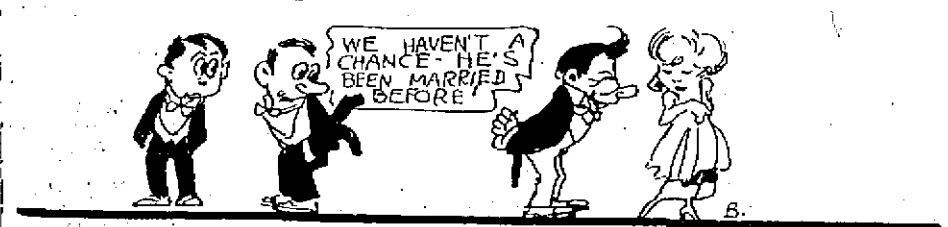

"It is regrettable but true that the charter amendment now before the legislature is of no practical benefit to the city, but I believe that the people of Oakland as a whole are strongly in favor of the adoption of an amendment, general in its terms, throwing open the waterfront lands to fifty-year leases."

"We should not delay following the course pointed out by Senator Tyrrell's bill, and, while the public mind is focused upon the problem, vote upon a liberal, general lease amendment to the charter."

The Citizens' Committee of Fifty for Outer Harbor Development met last evening for a discussion of the effects of the bill upon the situation. No action was taken, however, except the exception of the appointment of a sub-committee for the investigation of certain matters not made public. The committee will issue a statement in a day or two, according to John W. Phillips.

Fair Divorcees in Demand: Scientists Produce Proof

Fair divorcees as prospective wives are more alluring to bachelors than are spinsters or widows. Statisticians prove this to be the case in California, let moralists make what comments they will. Not only is the divorced woman who is increasingly in demand as a wife, but the divorced man with spinsters increased numerically from 17,254 to 21,342, but decreased in percentage 8 per cent, the latter dropping from 75 per cent of all marriages in 1907 to 69 per cent in 1916. Likewise the number of weddings of bachelors with widows increased from 1263 to 1626, but lost two-tenths of 1 per cent.

is scoring a higher number of conquests over widows and bachelors. It would seem that the poet's dictum, "It is better to have loved and lost," is becoming a matrimonial adage. Or, in the language of George D. Leslie, director of the Bureau of Vital Statistics, in the March bulletin of the State Board of Health: "There are striking gains in the proportion among total marriages of those where one or both parties had prior matrimonial experience, the increases being particularly notable for persons of each sex whose previous marriage was ended by divorce rather than by death."

Those who regard easy divorce and family limitation as specters menacing the future of the race will look upon the following statistics, compiled for the ten-year period from 1907 to 1916, with special misgivings. Of the California marriage totals—23,005 in 1907 and 30,996 in 1916—the number of weddings of bachelors

figures show that the percentage of marriages with bachelors has decreased 6 per cent and with widows eight-tenths of 1 per cent, while it has increased 1.4 per cent with divorced men. Widows and divorcees show a slight preference for bachelors, the figures of increase being as follows: With bachelors, 2.8 per cent; with widows, six-tenths of 1 per cent, and with divorced men, 2 per cent.

CHAPTER IS ORGANIZED. HAYWARD, March 16.—The newly organized Hayward chapter of the National Red Cross Society held a meeting at the home of Mrs. John Allen Park this afternoon, at which the chapter's activities were discussed. Mrs. L. B. Parsons was elected president and Mrs. Ethel Owen secretary of the chapter at the initial meeting this week.

ATHLETES TO COMPETE IN BIG PROGRAM

Juvenile athletes from Oakland's elementary schools will meet tomorrow afternoon in competition extraordinary, following a huge parade of the 1800 participants around Bushrod park, site of the athletic carnival. Under direction of the Oakland recreation department, the meet will be conducted with athletes and Pacific coast athletic officials acting as officials for the various events.

Participants are expected to arrive at the stadium by 10 o'clock, following at once. Officials will lunch at the Washington school, Sixteenth street and Shattuck avenue, near by, between 11:30 and noon, where directions will be given them as to the conduct of the meet. The parade will begin promptly at 12:30 and half an hour later the meet proper is expected to be in full swing.

Weight classes will be of primary importance in the meet, the 70, 85, 100, 115 and unlimited pound classes competing in their own sections. Sports, in trials and finals, will be run, followed by relay events of exciting importance. The broad jump, high jump, eight-pound and twelve-pound shot-putting events also will be watched with interest by thousands of mothers, fathers, brothers, sisters, cousins and aunts. Through the successful schools will be presented after the carnival.

Rest rooms have been provided by the Washington School Mothers' Club, who will serve tea to mothers of athletes. All arrangements have been completed by the recreation department officials to run off the meet as quickly as possible, with comfort arrangements for the boys participating, and an intense rivalry interest created by school coaches.

WHAT IS DOING TONIGHT

Professor George Herbert Palmer lectures, First Congregational Church, Berkeley.

Shanrock party, California Civic League, Hotel Grand, Berkeley.

Y. M. C. A. vaudeville show, Berkeley, California Prune and Apricot Growers' Association, Hotel Grand, Berkeley.

Business and Professional Women's League organizes, Hotel Oakland.

Woman Will Tell of Conditions at Front

Ruberto Tanquary of this city, who has just returned from the French front where he has seen the world-war at close hand, will lecture on "Life in Wartime France" in Fremont High School, Forty-seventh avenue and Pothill boulevard, tonight. Miss Tanquary has closely studied war conditions in Paris and London. The lecture will be illustrated by slides made from photographs given to Miss Tanquary by the French government, showing conditions at Verdun and Paris, as well as the most recent means of handling the wounded. The lecture will be under the auspices of the Board of Education.

Huge Cable Stalls Fourth Avenue Cars

Commuters and business men residing in the Fourth Avenue Heights section were delayed this morning for the best part of half an hour when traffic on the Fourth Avenue car line was stalled by a huge tangle of General Electric Company at East Thirty-sixth street. The G. E. Company had undertaken to deliver a huge coil of electric cable by a six-horse truck up the grade and had started to haul early in the morning. At about five minutes to 8 the truck, settled down in a frog and no effort succeeded in moving it.

Automobiles were requisitioned by those who could, while others crossed over to the Diamond car line. A huge motor truck was sent for to push the load while the truck team pulled. The frog was broken by the weight of the heavy load. The cars were moving again before 9 o'clock.

Allen to Lecture on "Travels in Islands"

ALAMEDA, March 16.—Arthur Allen will give a lecture next Wednesday evening at the First Congregational church on his experiences in the Philippines, the Straits Settlements and other sections in the Orient. The lecture is the second of the special Wednesday night attractions planned for the mid-week or prayer meeting night of the church and given under the auspices of the church. The lecture is free to the public.

PARIS, March 16.—The Figaro was seized here. This action is attributed to an editorial published in the newspaper criticizing the attitude of the chamber of deputies toward General Lyautey, who resigned last night as minister of war.

MISSIONARY WORKERS IN BIG SESSION

Foreign missionary workers to the number of 200 from Oakland, Berkeley, Alameda and other east bay communities, and also from the Modesto and Turlock districts attended the twenty-fourth annual meeting of the Oakland district of the Women's Foreign Missionary Society at the First Methodist Episcopal church, yesterday. Visitors from the East and from India were among the speakers.

Starting with a business session in the morning, the convention heard reports of officers, elected officers, witnessed presentation of addresses. The Young People's societies had charge of the evening program. Young People's night was so successful that it was decided to hold it annually.

OFFICERS NAMED. Election of officers resulted: President, Mrs. T. M. English; first vice-president, Mrs. M. M. Meyer; second vice-president, Mrs. F. H. Harrington; third vice-president, Mrs. A. R. Rogers; corresponding secretary, Mrs. G. W. Robinson; recording secretary, Mrs. J. J. Meyer; treasurer, Mrs. W. C. Carlisle; secretary of titling, Mrs. B. G. Veale.

Grace Methodist church auxiliary was awarded a permanent subscription to a women's magazine as the auxiliary having the largest percentage of members present at the morning session. The German Methodist Church Young People's society was awarded a loving cup as the society having the largest number of members present at the evening session.

Reports from the different auxiliaries were given in the morning by Mrs. G. W. Robinson, Mrs. R. S. Stratton, Mrs. J. J. Meyer and Mrs. C. A. Carlisle. Mrs. L. McGiffen was unable to attend and her report as secretary of extension was sent in.

PROGRAM OFFERED.

Mrs. W. J. Dean gave a presentation of "Our Lady in Calico," introduced by Mrs. Alfred Matthews. Miss Josephine Martin contributed a literary number. Miss Blinnie De Forest led a quiet hour.

An address of Mrs. R. S. Enrich of Turkey in the afternoon. Mrs. C. W. Koehler reported on children's work as superintendent of that activity. Mrs. A. Benmar led a twenty minutes musical program by the King's Heralds, composed of boys and girls of the College Avenue Methodist church.

Mrs. J. M. Lomax, Mrs. G. B. Smyth and Mrs. J. J. Brander also took part in the afternoon session.

Those who participated in the young people's program in the evening were Mrs. Elmer Grant led a district Sunday school. Mrs. J. L. Hooper, branch superintendent of the Young People's societies, Rev. John Stephens, Mrs. W. H. McCall, president of the hostess society; Marshall Batchelder and Mrs. Ada Lee.

STEPHENS WILL TELL POLICIES

Few Changes to Be Made; Only One Appointment Still Awaited.

STATE CAPITOL, SACRAMENTO, March 16.—Governor William D. Stephens will carry out the policies of Hiram W. Johnson. That is the unqualified announcement of the new executive, the pledge which he has taken when he took the oath of office, and which was renewed by him today in the executive office.

Governor Stephens has announced that within a few days he will give a full outline of his policies. As far as known now, Governor Stephens will not make any startling changes in appointments, and will leave the incumbents of the numerous commissions undisturbed.

There is one appointment waiting now, namely, a successor to Clyde Seavey on the tax commission. Seavey was named to succeed Paul Horvath on the board of control. There will probably be no successor named to Seavey's place on the tax commission, however, since the commission is to be abolished, its work having been about completed.

Huge Cable Stalls Fourth Avenue Cars

Commuters and business men residing in the Fourth Avenue Heights section were delayed this morning for the best part of half an hour when traffic on the Fourth Avenue car line was stalled by a huge tangle of General Electric Company at East Thirty-sixth street. The G. E. Company had undertaken to deliver a huge coil of electric cable by a six-horse truck up the grade and had started to haul early in the morning. At about five minutes to 8 the truck, settled down in a frog and no effort succeeded in moving it.

Automobiles were requisitioned by those who could, while others crossed over to the Diamond car line. A huge motor truck was sent for to push the load while the truck team pulled. The frog was broken by the weight of the heavy load. The cars were moving again before 9 o'clock.

Allen to Lecture on "Travels in Islands"

ALAMEDA, March 16.—Arthur Allen will give a lecture next Wednesday evening at the First Congregational church on his experiences in the Philippines, the Straits Settlements and other sections in the Orient. The lecture is the second of the special Wednesday night attractions planned for the mid-week or prayer meeting night of the church and given under the auspices of the church. The lecture is free to the public.

PARIS, March 16.—The Figaro was seized here. This action is attributed to an editorial published in the newspaper criticizing the attitude of the chamber of deputies toward General Lyautey, who resigned last night as minister of war.

FRANK HAVENS' RIGHT HIP IS HURT BY FALL

Former Water Head in Hospital for Probable Dislocation

Frank C. Havens, former president of the Peoples Water Company, is confined in the Merritt Hospital suffering from a probable dislocation of his right hip as the result of a fall near his home in Piedmont last evening. He is under the care of Dr. John L. Lohse.

POISON TAKEN AFTER ARREST

Irene Collins Believed to Have Swallowed Drug While in Custody of Detective.

TRIBUNE BUREAU SAN FRANCISCO, March 16.—That Irene Collins, the fashionably dressed young woman who stopped here at the St. Francis Hotel, and who was taken into custody by the police to be questioned as to her knowledge or participation in the obtaining of goods under false pretenses from a local clock and suit house, swallowed poison while in charge of Detective Sergeant John Dolan, is the general belief here today as the result of her death at the San Francisco hospital. The woman became ill as Dolan was escorting her to headquarters and he took her to the Central Emergency Hospital. Following her death today it was stated that she had probably taken bi-chloride of mercury tablets and Autopsy Surgeon Stanford ordered her stomach sent to the city chemist.

Children Testify in Divorce Trial

The divorce case of Harriet P. Kelley against Dr. Norman Kelley, a Berkeley dentist, before Judge J. J. Trabucco, this morning was replete with testimony for and against Dr. Kelley. Douglas and smaller children of the Kelleys, testified that they did not have sufficient clothing. While Dr. Kelley introduced nearly 300 cancelled checks to show that he gave his wife enough money to run the house. Mrs. Kelley alleged that her husband's income was \$500 a month, and she asks \$150 a month alimony and costs.

FAMILY IS SAVED FROM EARLY BLAZE

Residents of a second-story flat at 751 Seventh street were compelled to flee in their night clothes early this morning, when fire, evidently smoldering for many hours, burst into flame and spread quickly to the building's workroom. Damage, amounting to \$500 was reported by the fire authorities, who, after investigation, said that the conflagration owed its origin to a fire left in the grate the night before.

The occupants of the flat were asleep when several neighbors, early risers, saw the smoke pouring from between cracks in the exterior woodwork. A few seconds later jets of flame shot out and within several more minutes the entire side of the building was aflame. Quickly running to the flat, one neighbor, as yet unidentified, warned the occupants.

Started out of a sound sleep, Mr. and Mrs. T. Myers, who lived in the burning flat, together with several lodgers fled the building scantily dressed and into their homes of neighbors. An alarm had been sent in, and the fire department, under command of Assistant Fire Chief Sam Short, arrived. For some time the hidden nature of the flames and smoke bothered the firemen, but vigorous work soon located the seat of the flames, which were extinguished before they could sweep to adjoining roofs. Patrolman J. P. Mulhearn aided the firemen in their work and sent in one of the alarms.

A saloon on the first floor, owned by J. P. Dias, was damaged to a small extent, broken glass and spilled liquor forming chief losses. The building is known as the old McKay Estate, and was sold a few days ago at auction. It is at present the property of William T. Laughlin of 1338 East Twenty-seventh street.

Alleged Murderer Reported in Seattle

SEATTLE, March 16.—Dr. P. E. Allen, escaped prisoner from the county jail here and accused of the murder of Annie Marie Danielson of Minneapolis, is reported to the sheriff's office today to be hiding in this city. A woman telephoned the sheriff that Allen was attending all the musical comedy shows in town.

Allen escaped with four other prisoners March 4. One of the men, F. J. Dusky, accused of bank robbery, returned of his own accord.

TAFT & PENNOYER COMPANY

Coats

FUN FOR "EXPERTS" IS NOT WOTED

Mayor Refuses Money to Bring Men to Choose Successor to Oakland Superintendent of Schools; Action Is Halted

"Give Californians a Chance," Urges Davie; Plan Abandoned Until After Election; Edwards' Motion Withdrawn

"Credit for the high standard of the Oakland public schools is due to Californians and I can see no reason why 'highway' educators from the East should be imported to conduct an educational system. I am opposed to the program of the Board of Education in going outside of California for a new superintendent of schools, and I will not vote funds for the purpose of such a procedure."

This was the stand taken by Mayor John L. Davie in the City Council today when an ordinance providing for the appropriation of \$1200 for the "entertainment fund" to further the efforts of the advisory committee to the Board of Education in bringing "experts" from the East to look over the situation, was presented by Commissioner W. H. Edwards, ex-officio member of the Board of Education.

PLAN WITHDRAWN. In view of the Mayor's attitude and reluctance on the part of other commissioners to "become involved in politics" Commissioner Edwards withdrew the ordinance and the communication from Secretary David Pratt, director of the necessity of the appropriation was placed on file. It was decided to continue the matter indefinitely or at least until after the elections, when three new directors are to be chosen by the voters.

Secretary Pratt of the board informed the council that the work of the Advisory Board which was appointed to suggest candidates to succeed Superintendent Barker at the end of the fiscal year, has reached a point where its hands are tied for lack of funds to proceed. The \$1200 was asked for the purpose of defraying traveling expenses and hotel bills for "experts" to be brought from the East as guests of the city during their surveys of the school department.

There are men in California who are thoroughly capable of filling this position," continued Mayor Davie. "It would be far more advisable to consider California educators who are familiar with the conditions here, it is recognized that the people of California are of different temperaments than those of Eastern States. Likewise the children are different, the methods of teaching are different and it takes the experience of one familiar with these conditions to make a success."

The opinions of Benjamin E. Wheeler and of Dr. Ray Lyman Wilbur, heads of our two great universities, are worth anything, it appears that the present superintendent fills the requirements."

Much-Hated Prison Raided; Many Freed

LONDON, March 16.—"During the revolution," says a Reuter dispatch from Petrograd, "the hated Kreny prison was seized by the revolutionists after a short resistance by its guards. All the political prisoners held there, including the members of the workmen's group arrested a month ago, were liberated. The prison was burned and the women's prison, Detective headquarters was demolished and burned with all the archives relating to political persons and organizations. Among those arrested were Bishop Politt, the metropolitan of Petrograd, N. Kurlov, who was in charge of the police, and a number of other officials. The murder of Premier Stolypin, and whose activities have been renewed recently, and General Sonkhomiloff, former minister of war."

Funeral Rites Said for James Politt in New Quarters

Funeral services for the late James Politt, for many years organist in Oakland churches and a devoted churchman, will be held at 2 o'clock this afternoon in Scotch Rite Cathedral under the auspices of Live Oak Lodge No. 81, F. & A. M. Politt was a native of England, 65 years of age, and was married to Mrs. Mary Politt. He was a member of the Scotch Rite Cathedral for many years. During the past quarter of a century he was organist for the First Baptist church, Church of the Advent and the Church of the Holy Trinity. He was a member of the Knights Templar, Commandery of Knights Templar, No. 1. He is survived by a widow, two sons and three daughters. The family home is at 1403 Eleventh avenue.

Amateur Night Is Planned at Broadway

The Broadway Theater announces an amateur night for this evening's performance. A number of the cleverest amateurs in the city have been invited to take part in the evening's entertainment. Attractive prizes make an added incentive to the performers. The stage struck tonight will appear but once during the evening, at 8 o'clock.

Internal Bathing's Rapid Growth

It is but natural to expect that a relief from constipation and the many ills which it causes which is so effective and so natural as internal bathing should quickly make many converts. But its general use has increased so tremendously that it is no longer a novelty. For several reasons, and these are found in the statements of users that they feel as if they had "let new" the morning after an internal bath.

The elimination of the pernicious and poisonous waste which is lodged in the lower intestine gives Nature a chance to work unhampered. And one who has experienced the relief which comes from a "let new" will find it a bright, confident and eager for the day's duties.

Y. E. Smith writes: "Dear Doctor—Your 'Casade' made a new man of me at the age of 40. I persuaded my wife to use the treatment also and today she has better health than ever before. Since the use of the 'Casade' she has lost weight and can walk for hours without fatigue. Her digestion has become a condition of the past; can eat anything on the bill of fare and drink all beverages, hot or cold, when exposed, hot weather does not cause depression."

J. T. L. Casade, the most efficient agent for Internal Bathing, is being shown and explained in detail at the Clark Drug Store, "Why Man of Today Is Only 50 Per Cent Efficient." Advertisement.

College Girls Beat H. C. L. ANT-BEELING BILL IS PASSED

BERKELEY, March 16.—If you pass North Hall, the University of California campus, any noon this semester, and see a line of girl students stretching as far as the library entrance, you may know that they are waiting for a chance to eat the high cost of living. "The Counter," a lunch place in North Hall basement, run by the women students themselves, has never more popular than this semester, for economy in spite of the advanced cost of food, is the slogan its managers have adopted.

Luxuries are not by any means taboo at "The Counter," for twenty-two gallons of ice are used in the coffee, fruit and ten big cakes are among the foods consumed each day, according to a statement issued by the managers today. Five hundred girls are fed each day at "The Counter," which is open from 8 a. m. to 6 p. m. Twenty girl students are employed during the day to dispense food, and they receive 30 cents an hour for their work. The menu includes sandwiches, spaghetti, beans and all sorts of beverages. Of course, there are pies and salads and puddings.

According to Miss Harriett Bowman, the manager, the chief difficulty is lack of food, which is available only from 10 to 11 p. m. and 500 girls can only get their advance guard into that much room. As a result, the crowd of girls in North Hall is torn down larger quarters are to be sought.

Publication of newspaper of betting odds, form charts or tips on horse racing is prohibited under the provisions of Luce's bill, which passed the Senate today. The bill, which Luce said was passed by a Los Angeles city ordinance, is aimed to curb the activities of race track gamblers in San Diego, who operate at the Tijuana, Mexico, race course.

A long debate in the assembly over the Farmer bill to prohibit shipping fish and game by parcel post in amounts exceeding the legal daily bag limits, resulted in reference of the measure to the fish and game committee today.

The assembly desisted from serious work when a visiting delegation of German students on their way to a school in Oakland entered the gallery, and Assemblymen Smith, Quinn and Pettus made elaborate speeches of welcome.

A bill validating banking transactions which may take place after closing hours at noon on Saturdays was passed today by the senate.

Another bill permitting bank receivers to conclude receiverships by appointing a receiver, and to allow claimants at the expense of the claimants also was passed. The bill would enable the receiver of the defunct California Safe Deposit and Trust Company of San Francisco to wind up its affairs.

After passing nine bills the Senate adjourned at 1 p. m. today until Monday morning. Among the bills passed were: By Senator Standen, the relief work that may be undertaken by the State Board of Charities and Corrections.

By Senator Sharkey—Permitting the town of Martinez to lease its sidewalks for a period of fifty years.

By Marks—Permitting California insurance companies to invest part of their funds in foreign countries where they may be operating.

WAR DECLARED TO DOCTORS

Medical Science Reaps a Big Profit by Battles, Experts Declare.

BERKELEY, March 16.—Medical science is making steady and large advances in the result of the war, according to Dr. Frederick P. Gay, professor of pathology, who spoke at the students' meeting at the University of California this morning. He said:

"Besides from bullets men in wars die from disease. Some of the most peculiar trench fever and the like. Against typhoid fever, which has carried off many soldiers in past wars, the value of vaccination has been clearly shown in the present conflict."

"In the first two years of the war there were 1300 cases and only 150 deaths in the British army, which is less than one-tenth of the number of deaths in the United States army. The United States army is better and better equipped for conflict every day. The appointment of a National Research Council has done much towards taking advantage of the lessons available in Europe."

Leonard C. Van Noppen, Dutch exchange professor at the University of California, declared that his chief criticism of American medicine was that it was too late for the first time by Dr. T. R. Robertson, of the University faculty. It was Dr. Robertson, in expediting the healing of wounds.

Dr. Gay said, in expediting the healing of wounds, the second speaker this morning, declared that his chief criticism of American medicine was that it was too late for the first time by Dr. T. R. Robertson, of the University faculty. It was Dr. Robertson, in expediting the healing of wounds.

BADLUCK COMES WITH TWO KINDS OF BAD BACILLI

Measles and Mumps Blend in Woes of U. C. Freshman

BERKELEY, March 16.—While measles and mumps are familiar to all, the conditions here, it is recognized that the people of California are of different temperaments than those of Eastern States. Likewise the children are different, the methods of teaching are different and it takes the experience of one familiar with these conditions to make a success."

The opinions of Benjamin E. Wheeler and of Dr. Ray Lyman Wilbur, heads of our two great universities, are worth anything, it appears that the present superintendent fills the requirements."

Hayward Postoffice in New Quarters

JAYHAYWARD, Mar. 16.—The Hayward postoffice occupies its new headquarters at Main and A streets for the first time today. The new quarters, which were constructed to postoffice requirements by M. J. Madison, president of the Chamber of Commerce, and named in honor of the late Mayor Madison, are a fine business men to the removal of the postoffice from its former location.

The new quarters are a fine business men to the removal of the postoffice from its former location. The new quarters are a fine business men to the removal of the postoffice from its former location.

Three Arrested in Rooming-House Raid

RICHMOND, March 16.—Raiding a rooming house of questionable reputation at 18 Park place, police today arrested three persons and seized a number of illegal weapons. The raid was conducted by Detective William J. Madison, president of the Chamber of Commerce, and named in honor of the late Mayor Madison, are a fine business men to the removal of the postoffice from its former location.

U. C. Pomologist to Aid Cherry Growers

HAYWARD, March 16.—With the object of attaining better cherry crops in California, the Pomology department of the University of California is preparing to fertilize the cherry trees of the state. This work will be started as soon as the cherry trees are in bloom. Tutors believe that they may find the extraordinary light crops yielded by cherry orchards in this vicinity during the past several years.

Measles Puts Stop to Dance at University

BERKELEY, March 16.—Because of the epidemic of measles at the University of California, the dance planned for this evening by the Agriculture Club has been dropped. The dance was abandoned at the request of President Benjamin E. Wheeler, after the advice of Dr. Robert H. Leake, university physician. He has similarly requested by the president.

GERMANS KIND TO WOUNDED BRITISH

Officer of English Army Loud in Praise of Humanity of His Enemies.

BERKELEY, March 16.—Praise for German humanity on the field of action is offered by Major J. Stuart Allen of the British army in a statement made today. Major Allen is in Berkeley, the guest of F. P. Brownlee, a student of the University of California, being absent on a brief furlough after two years of service.

"A thing which impressed me at the Somme," he declared today, "was the kindness shown to the English by the Germans after one of our attacks in which thousands of troops were involved. The Germans were kind to our wounded men. They were prepared to see the men suffering great pain, but on the contrary all we had to do was to supply a few bandages and water. We first encountered two hundred German stretcher-bearers, and then a number of German soldiers, even supplying them with coffee which they really needed themselves."

BE REPEAL UPHELD BY BERKELEY COUNCIL

City Attorney Submits Opinion on Indeterminate Amendment to Charter.

TRIBUNE BUREAU, BERKELEY, March 16.—City Attorney Frank D. Stringham submitted to the city council this morning an extensive opinion in which he maintains that the indeterminate franchise amendment to the Berkeley charter is constitutional and that it does not offend by casting upon the State Railroad Commission a duty which is not the city's right to impose. The Berkeley charter amendment is identical with the recently adopted by Oakland and is the subject of the opinion in which the city attorney is asked to submit his opinion on the constitutionality of the amendment. The amendment which the city attorney is asked to submit his opinion on the constitutionality of the amendment. The amendment which the city attorney is asked to submit his opinion on the constitutionality of the amendment.

After an examination of the Public Utilities Act in his report, City Attorney Stringham said that the amendment to the charter is not an attempt to confer jurisdiction upon the city council, but is an amendment to the charter which the city attorney is asked to submit his opinion on the constitutionality of the amendment. SPEAKING OF ARMING SHIPS—A NEW SET OF ARMS FOR GUNBOAT SMITH WOULD BE RECOGNIZED

EDITED BY
EXPERT STAFF

SHOW SOME PEP.
If you're a little Oakland fan don't be afraid to show it.
But boost the boys from first to last and let the whole world know it.

STOW THE HAMMER.
If you're a booster for the Seals when they are going well, why throw a moch upon their hopes before their class can tell.

BREAKFAST FOOD SHOW
THROWS A MOTH ON CUBS

They Win, But Crowd Is Elsewhere; Rod Murphy and Young Kremer Glitter

INSIDE STUFF BY BILLY FITZ

THESE breakfast food ceremonies sure played havoc with baseball. There was only a handful of spectators out to see the Cubs administer a stinging 4 to 2 rebuke to the Oaks yesterday afternoon. Cal Ewing went out to see where the crowd was and found it reveling in shredded wheat and factory vaudeville. The Oak owner went home last night and ordered a year's supply of rolled oats just to be revenged.

When Fred Mitchell heard the whistles blowing and learned where all the city officials and fans were, he chuckled up his paws in despair.

"Don't it beat all?" he wailed. "Everywhere we go, we buck up against competition. In Los Angeles they had the circus, at Vernon they had Joe Stecher wrestling, and here everybody goes to see a chow factory open. I suppose when we play the Seals, Columbus will come back to life and give a free lecture at the Ferry building. Now comes a railroad strike and we'll have to walk home."

Mitchell was partially consoled by the fact that seven of his noble athletes found their batting eye, and that Claude Hendrix and "Shuffling" Phil Douglas pitched pretty nice ball. The Cub leader was none too happy, however, up to the fifth inning, when it was a 2 to 2 toss-up as to whether the Oaks wouldn't pull the Cub whippersnappers.

Young Kremer and Henry Howard, star of National League curvers, pitched for five innings and retired on even terms, but the Cubs hopped on Charley Pruett for two markers in the sixth and wouldn't yield them back.

"Wiz" Kremer Gladdens Howard's Heart and Pitches as Well as "Pop" Arlett

Del Howard has nothing about Pop Arlett, any more as "Wiz" Kremer, plucked from the bushes just like Pop Arlett, made almost as good a showing as did his teammate the day before, and he certainly more than lived up to expectations. He wobbled a bit in the fifth, filling the bags on a walk and then hitting Harry Wolter to force in a run, but that was all that he should have been charged with, for he fanned Cy Williams with the bags full and then forced Steve Yerkes to ground to short. Sheehan miscalculated the slide with which Harry Wolter was tearing for second and tossed underhanded to Menor, with the result that the Cub runner beat the ball to the bag, instead of a force out to retire the slide. Hendrix scored from third. Kremer got the third putout himself when he took Zamlock's peg following Baker's grounder to first.

"Shuffling" Phil Douglas, kept it low on the batters and used an effective change of pace. He had five assists in as many innings, showing that the visitors were not hitting him very far.

Zamlock, Clumsy in Touching Runners, But What's the Difference, He Swats the Pill

Carl Zamlock's bludgeoning figured in both of the Oakland runs. The University of California coach got away from the Berkeley campus long enough to horn into the game in place of Bobby Messel at first, and he certainly showed that the Oaks are likely to miss Warren Adams very much. The first time up, the husky Northwestern Leaguer crashed a double into the right field cabbage patch. Sheehan was on first at the time and the blow put him at third, whence he scored on Callan's infield out.

Zamlock's second double came in the fourth and was even a more vicious blow, a little further in the same direction. Murphy had no trouble in scoring from second. Zamlock's arm, which failed him when a pitcher with Detroit, has apparently been restored to fit service, for it showed no weakness. Carl's only apparent fault seems to be awkwardness in putting the ball on a runner, a thing that may be described as the fact that first he is completely out of position for the slugger to follow, and then he makes both Zamlock and Messel take an hour's practice at the bag in the morning. Carl could have blocked Saler off first in the fourth inning on Callan's peg had he been more adroit.

Still, if Zamlock hits the ball like he did yesterday a lot of other things will be overlooked.

Rod Murphy Hits 1000, But He Is Taught a Lesson by Rival Third Sacker

Captain Rod Murphy continues to give a fine example of what a bustling young Irishman can do on a ball field. The finisher in the batting line, a figure of 1000, grabbing three neat hits for himself and one base on balls. A putout and a clever assist completed his afternoon's work.

Murphy, however, learned one thing yesterday about the gentle art of playing third base, and the lesson was administered by "Square" Deal, who is stationed at the same infield corner for the Cubs. Murphy, whose specialty is going from first to third on hits to the outfield, tried it in the sixth round when Sheehan hit to center right behind him. Cy Williams shot the pill to third and it reached there the length of an eyelash ahead of the sliding Gael. Deal's paws were already on the runner when the ball bounced into his mitt. It was the clearest handling of a throw we have ever seen, and we've watched a few pretty fast third basemen. Also, don't forget that it was a perfect aim on the part of "Cy" Williams, the village cut-up.

Charley Pruett proved that he is not yet in top form. He was always a bit slow to round to condition, even in his best seasons. He walked two and allowed two bingles in his first inning, but was going better towards the finish.

Phil Douglas Remembered the Day That Howard Chased Him to Northwestern League

"Shuffling" Phil Douglas, tall and sleepy-looking as ever, wasn't very grief-stricken to see Del Howard's gang suppressed. Phil has a vague recollection that it was this same Howard who, three years ago when boss of the Seals, chased him out of the league and up to the Spokane club, whence he was rescued by Cincinnati.

Phil had been turned over to Howard by the White Sox along with Jimmy Johnston. He had a magnificent contempt for training rules and at odd moments was seized with a sudden desire to do something in the bungle. In the Northwest one or two players convinced Douglas that discretion was sometimes advisable, especially in the clubhouse. Under the Mitchell regime Douglas may develop into a valuable man this season.

Perle Casey Pulls a Boner by Refusing a Priceless Bouquet of Carrots

Perle Casey's debut behind the bat was hardly what you might call a triumph. He had Harry Wolter on what should have been a foul and then struck, and the ex-Angel immediately started a Cub offensive in which the entire gang joined. The two coaches who, by virtue of their stations, could not possibly have caught the angle at which the ball crossed the plate, were naturally loudst in their denunciations, thus fulfilling tradition. Finally the fans took a hand and began exchanging disparaging comments.

"Where did you fellows flush last year?" howled Art Wilson at the bleachers, and instantly came the reply:

"Just where you guys will finish this year."

Ferle got himself into more trouble when he overlooked the fact that Sheehan's punt on which Murphy was forced at second had struck foul territory.

An enterprising bat boy came forward with a bouquet of carrots to present to his mumps, and Casey showed how headless he is of the high cost of living by deliberately turning his back on the valuable gift. That was the last he saw of the carrots, but he has a good idea of the value of the fact that prior to the contest Secretary McFarlin had agreed to let him tap the treasury.

One wonders just how fast this boy Murphy can run when there's nothing wrong with him. Rod cried out in the first half of the first and then bent out a bit to short, despite the fact that Wolter can out the ball across as fast as young Hollywood, the Seal prodigy, who handcuffs Phil Koerner in every inning.

Rowdy Elliott fanned Pop Arlett off second right after that young gent, batting for Kremer, had singled and advanced on Chadbourne's drive. Rowdy looked over at the bench to see whether Boss Mitchell had observed the play.

WHAT IS RHEUMATISM?
WHY SUFFER FROM IT?

Sufferers Should Realize That It Is a Blood Infection and Can Be Permanently Relieved. Don't Suffer This Winter.

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little saline, and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where the poison lurks and which is not effected by salves and ointments. It is important that you rid yourself of this terrible disease before it goes too far. S. S. S. is the blood purifier that has stood the test of time, having been in constant use for more than fifty years.

Write the physician of this company and let him advise with you. Advice is furnished without charge. Address: Swift Specific Company, 41 South Main Street, Atlanta, Ga. Advertisement for S. S. S. (Swiss Specific) medicine.

WAGNER'S STILL
MAGNET FOR FANS
UP WEST OAKLAND

If Big Hans Decides to Play It Will Be His Twenty-Sixth Season.

United Press Staff Correspondent. NEW YORK, March 15.—Much has been written of Hans Wagner, his record, his habits, and his all round sterling qualities, that it seems futile to add to the miles of columns that have been used in his favor.

Wagner, however, is debating whether or not to enter his twenty-sixth season of baseball, and the marvel of it is, he is content on to play a most important part in the hopes of the Pittsburgh Pirates if he decides to sign a contract.

Wagner, who is a man who knows his business thoroughly, and has a shadow box or skip the rope, but when it comes to boxing, he surely shows all the ear marks of a man who knows his business thoroughly.

"They say Bob McAllister's left hand is faster, and I'll shake my reputation on it," Dempsey may not possess as accurate a left as Bob, but it travels a lot faster and has far more steam. He is the fastest big man that has appeared here since the negro Harry Wills, and I look for an awful tussle when he and Norton hook up. The fans are in for a big surprise.

Dempsey has only been boxing for three years, and is just twenty-two. His record shows that he has defeated Bonda, Wild Burt Kennedy, Terry Keller and Dick Gilbert. He also whipped Andy Anderson, the New York heavyweight, who also fought McAllister and Meahan back east.

The one blotch on Dempsey's list of performances is the fact that he was knocked out, a few weeks ago in ten seconds by Fireman Jim Flynn at Salt Lake. Dempsey explains this by saying that when they came into the center of the ring for the first round, he put out both gloves to touch his opponent's mitts as is customary, and Flynn took advantage of the move to whip over a right haymaker to the jaw.

Accounts bear out Dempsey's story and say that the young Utah fighter really was the victim of an unintentional act on the part of the tricky veteran.

Frank Luscher and Young Herman, who knocked out Dick Lewis in San Francisco, Wednesday night, meet in the special event, while Pickles Martin and Eddie Egan hook up in another, and Sammy Felsinger and Joe Miller in a third. Miller will probably make a big hit over here, for he is a rough and tumble fighter with a world of aggressiveness.

Salinas Jack Robinson is down on the card for an argument with Dick Troupe of Nevada. The preliminaries will bring out Young Turner vs. Kid Frank and Bull Young vs. Jimmy McColligan in a return curtain raiser.

Johnny Showers meets Joe Sousa at Sacramento this evening, and Moy and Fetter meet on the same card.

George Sawyer is expected back from a week's visit in the south soon, and he and Tommy Simpson will then work out the next card for their Emeryville club. A schoolmate series will be staged the first week of April.

Al Young has committed himself to agreeing to have Billy Murray make 155 pounds, so fans can look forward to a Murray-Ortega battle in the near future.

COURSING CLUB
MAY START HERE

The California Coursing Club will hold another big meet at Glenn's ranch, Sacramento County, Sunday, March 18. Thirty-two dogs will compete in an open state, and sixteen run in a championship event.

George Helms, the Oakland dog breeder, will enter Oakland Beau and Oakland Girl in the championship event, and will pit them against Big Ben, a dog brought out from Nebraska, and John Rosseter's imported Stamen Trawler and Megall.

Harry Hastings of San Mateo will start Heliover Swell on the same day. There has been some talk of establishing a similar coursing ground in Contra Costa county in the vicinity of Pleasanton. The Sacramento club has been very successful in its meets.

George M. Vaughn is judge, J. Coen slipper, and Dick Powell slip steward. Entry money, \$2.00. The race will be held at 2 o'clock. The dogs will be shown at 1 o'clock. The race will be held at 2 o'clock. The dogs will be shown at 1 o'clock.

George V. Helms of Oakland is the secretary. The California Coursing Club and drawings are held at his office, 1217 Broadway.

Railroad Strike Will Play Havoc With Baseball Clubs

Coast League officials and visiting members of the Chicago ball club were today viewing the prospects of a railroad tie-up with genuine concern. The O.N.B. looking ahead for the sake of the Cubs, the possibility of having the two clubs on his hands in this city next week, with no way to get them out unless by automobile or aeroplane. O'Neill is in close consultation with Southern Pacific officials today.

The Oakland club is scheduled to play its first series at Salt Lake, but in the event of a railroad strike, the Bees will take Sacramento as their temporary home town, and the Beavers will play either Oxnard or San Jose. Automobiles will be used to convey the players from one city to another.

The boss hand, Buster Callan tried the same stunt the following inning, and Billy Lane, in center field, had to hustle to keep the ball out of the clubhouse.

Jack Sheehan proved that he can throw when he deems it necessary when he shot Rowdy at first after the little catcher had grounded to deep short. It was a beautiful stop and peg.

Hack Miller, "Brother Sylvester" of the Oak family, rested from his labors of the day before, but attracted some attention in the eighth when he played Wolter's line drive for a base, but the Oaks are retired on a first, nearly making what looked like a perfectly impossible play.

Today the Cubs crossed the bay and tackled the Seals at Ewing Field. Jim Vaughn was saved yesterday for the express purpose of starting him against Spider Baum.

HAVE YOU GOT YOUR ANSWER YET?
READ THESE QUESTIONS CAREFULLY

Would you like a season pass to all Coast League games this year? Well, read these questions carefully and send your answers to the Sporting Editor of THE TRIBUNE, before the deadline. Hundreds of replies have been received and nearly all of them are wrong. Maybe you can give us the best answer. Try today.

MARRIED LIFE

MY WIFE IS GOING OFF OVER THIS ELECTRICAL APPARATUS—CHAFING DISHES, ELECTRIC IRONS—COFFEE PERCOLATORS AND EVERY THING ELSE—A REGULAR DISEASE WITH HER.

SHE'S DOING ALL THAT FOR YOU JIM—IT WILL MAKE YOUR HOME HAPPIER.

B-BOY I'M AFRAID TO GO HOME SINCE SHE STARTED THE FAD—

THE FIRST THING YOU KNOW SHE'LL BE GETTING AN ELECTRIC CHAIR FOR ME.

OAKS PLAY U. C.; SEALS FACE CUBS

Dimmock Will Take the Mound Today for Another Crack at Howard's Team.

While the Seals face the Cubs today at Ewing Field Del Howard's Oaks will be at the University of California, facing the Bruins in a second time. The Oaks will also play the same club tomorrow at the same time and place, 3:30, California Field.

Dimmock will work behind the log against Del Howard's Oaks on the Berkeley campus. There two games will practically complete California's preparations for the scholastic series with Stanford, which begins March 24.

Carl Zamlock will send Dimmock to the mound for another crack at the Oaks. Last week at Boyes Springs Dimmock suffered defeat at the hands of the Howards and he is anxious to try once again.

Across the bay the Seals will go to bat in the following order: Fitzgerald, right field; Ellis, left field; Pick, third base; Mangel, center field; Downs, second base; Koerner, first base; Hollywood, short stop; Baker, catcher; Baum or Steen, pitcher.

ORTEGA TAMES TOUGH CUSTOMER

Stows Away "Black Jack" Morgan in Less Than Two Minutes.

Battling Ortega, Tommy Simpson's middle-weight fighter, made short work of Black Jack Morgan by stowing him away in the first round in the feature bout at Frank Carro's first show in Coffroth's Eighth-street arena.

The bout lasted less than two minutes. Morgan opened by rushing Ortega, who covered up and when an opening came the Mexican dropped Morgan with a left hook to the body. The negro rose to his feet only to be floored again by a body blow. When struggling to his feet for the third time Ortega finished his work with a well measured right to Morgan's jaw.

In the semi-windup Frankie Malone earned the decision over Frankie Tucker, who was seconded by his sister. Other bouts followed: Joe White decision over Jim Ford; Sam Felsinger decision over Sam Langford; John Rustling was saved from a beating when the referee stopped his bout with Foster; the first; Ed Rose got the decision over Ray Brooker, as did Joe Miller over Buck Brown.

Many fans will cross the bay tonight to witness the bouts to be staged by the Pacific Coast freemasons. Several local boys will figure.

Battling Ortega is slated for the main event, as Billy Smith and the semi-wind-up and Jimmy Dundee meets Jimmy Marshall in a special. Other bouts carded are Ed Hues vs. Joe Connelly, Joe Fallon vs. Jim Herschell, Paddy Landry vs. Charley Lloyd, Salor Simon vs. Mickey McMinn, and Kid Bromer vs. Al Prosser.

Bob Shand of Oakland will referee the main event, the three places in the league are not on the best of terms right now.

BOWLING

Last night the Thirteenth Street Bowling Auditorium was the scene of an exciting contest with the Auditorium All-Stars and the Southern Pacific team. Both teams bowled very well, although the All-Stars proved to be a bit stronger. The contest was a total of 2152 pins to 2576. The Southern Pacific had high game with 666. Score:

Table with 4 columns: Name, 1st, 2nd, 3rd. Rows include Hofmann, Colwell, Brachner, Drehsch, Hanna.

Table with 4 columns: Name, 1st, 2nd, 3rd. Rows include Thompson, Webber, Olsen, Hunt, Irwin.

U. C. Track Team Is Winner at Pomona

CLAREMONT, Mar. 15.—The University of California track and field team defeated the Pomona College team in the meet here, 80 1/2 points to 50 1/2. The Southern Pacific team, who won the event, running the distance in 1:55.1.

California won all of the points in the broad and high jumps, while Pomona captured the three events held February 24. The mile run and the 100 yards dash. The meet marked the first appearance of the Berkeley team in Southern California this year.

Chicago Team Wins From Spokane, 5-0

WATSONVILLE, March 15.—The Chicago National League team today defeated Spokane here five to nothing. Summary:

The San Francisco District Dental Society, membership in which includes the Legation with letters which have that peculiarly authoritative note which "ethical" members of the profession have, a habit of using in addressing those to whom their opinion is final.

BRITISH WAR VESSEL HITS SUNKEN MINE

Torpedo Boat Destroyer of the Old Type Sunk, Killing One Man and Listing 28 Members of the Crew as Missing

English Tigris Forces Occupy Portion of Bakubah on Right Bank of Dila River; Turks Still Continue to Fall Back

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. LONDON, March 16.—A British torpedo-boat destroyer of an old type struck a mine in the English channel yesterday and was sunk, says an official announcement made this afternoon. All the officers were saved. One man was killed and twenty-eight others are missing. It is presumed they were drowned.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. LONDON, March 16.—A portion of the town of Bakubah, on the right bank of the Dila river, about thirty miles northeast of Bagdad, has been occupied by the British, it was announced in a report received today from General Maude. In command of the British Tigris forces.

The Turks continue to fall back on the right bank of the Tigris. The British line southwest of Dohran on the Macedonian front has been advanced 1000 yards over a front of 3500 yards, says a despatch received from Saloniki. The British trenches are still brought in places to within a couple of hundred yards of the German-Bulgarian advanced lines. The operation was carried out at night and met with no opposition.

BERLIN (wireless to Sarville), March 16.—An attack with strong forces was begun by French troops on the Macedonian front yesterday, in the region of Monastir. Today's headquarters' report says the French entered advanced trenches at one point, but otherwise were repulsed. French troops on the Macedonian front, west of Missopole, have succeeded in penetrating an advanced German trench after violent fighting, the war office admitted today.

Repeated French attacks, preceded by heavy artillery fire, north and northwest of Monastir, have been repulsed.

PETROGRAD (via London), March 16.—Russian troops have dislodged the Turkish forces from their fortified positions on the summit of Narishkinn, to the west of Kermanshab, in northwestern Persia, says an official statement issued today by the Russian war department.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and, above all, take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine.

The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts, put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folk who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

The World Over

INTERNATIONAL NEWS SERVICE
PACIFIC NEWS SERVICE
PARIS. Bill to demonize existing French gold change has been introduced in the Chamber of Deputies by Deputies Lenoir, Bouffandeau and Edmond.

WASHINGTON.—Lieutenant Colonel C. A. F. Flagler, now in charge of engineering work in Washington, was today assigned by the war department to the post of military attaché at the American embassy in Rome.

LOS ANGELES.—Enrique Aresconi, grand opera tenor, is out on bonds today, pending his trial May 20 on charges of implication with Max Baranov, San Diego jeweler, in an alleged embezzlement of \$20,000 worth of jewelry from Mrs. Jessie Ullrich of San Diego. Aresconi was arrested in New York.

LOS ANGELES.—Major General Jose M. Maiverena, former governor of the state of Sonora under Madero, is today in Georgia and today he issued a statement urging legislators to assemble in Atlanta immediately, although the extra session does not convene until March 20.

ATLANTA, Ga.—Governor Harris does not intend the railroad strike to interfere with the passage of a bone-dry law in Georgia and today he issued a statement urging legislators to assemble in Atlanta immediately, although the extra session does not convene until March 20.

OGDEN, Utah.—That this country will face a sugar famine before the stock from the 1917 crop can be placed on the market is the opinion expressed by L. R. Eccles, general manager of the Amalgamated Sugar Company.

LONDON.—Great Britain has agreed to loan Rumania \$40,000,000, according to an official statement issued at Jassy, the temporary Rumanian capital, and forwarded by the Reuter correspondent. The loan will be at 5 per cent interest.

BOSTON.—Word that Ernest Carroll Moore, professor of education at Harvard University, had accepted the presidency of the Los Angeles normal school, was received here.

SACRAMENTO.—Charles Huber, former convict who shot and killed his divorced wife, Mrs. Myrtle Palermo, in the State Fair grounds here March 7, died today in the county hospital as a result of a slow-working poison which he swallowed when he stated after the murder he had been in the hospital under police guard since his capture.

PANAMA.—The legislative assembly ended its session this afternoon after it had been extended three times by presidential decree. In its closing hours the assembly passed several bills the United States desired enacted.

SIOUX FALLS, S. D.—A March snowstorm, which in many places reached an intensity of a blizzard, was general over South Dakota last night and today. A high lake accompanied the snow.

PARIS, March 16.—France believes a speedy decision in the war rests with Washington.

If the United States, today at the last line before joining forces with the allies against Germany, it means a swift decision for the entente.

The ultimate victory of which France is confident will be for the entente.

The French government itself, twenty-four hours after the report of the sinking of another American steamer—is anxiously waiting for Washington's word. It regards America's entry into the war of vastly more importance than all forthcoming battles.

These views may be regarded as those of the French government.

The United States is authorized to state them today as the opinion of high officials. Names of these persons cannot be given for obvious reasons. But the unanimity of their views reflects the attitude of the French government itself.

These officials have not altered in the least their complete confidence in ultimate victory for France and her allies. The French people are prepared cheerfully to endure every sacrifice in achieving this victory. But that cheerful spirit of sacrifice and certainty of belief in the future triumph does not lessen their realization that if America enters the war, the victory will come sooner and the period of sacrifice will thus be shortened.

With America aligned with the entente, the issue will be decided, the French believe. The government believes such a decision will be the final overwhelming blow to Germany, both morally and physically.

DISCUSSES WAR.

On the other side of the Pacific a world drama is being enacted which is no less important to America than the one in Europe, said the Ambassador, because the Far Eastern drama is constructive instead of destructive. "America should know more of it," said he, "for the world is about to enter upon what might be called a Pacific era, and the United States is tipping on the threshold of a new day wherein she is to be at once a world merchant and a world power."

The Ambassador introduced his address by picturing the people of Pittsburgh as "a race of poets," not of the classic type, but "poets of the ultra-modern sort who chisel their cantos in a steel mill, trace their lines in steel rails across the continent." Accordingly, the Ambassador spoke not of the Japan of the Inquirer and the Japan of the Japan of the Inquirer, but of the Japan of the Japan of the Inquirer.

In some quarters of this country, an impression prevails that the Empire of Japan is a handful of lean islands as sterile as the classic but stern shores of Attica or of your New England States. In a sense this picture is correct. In more senses than that it is altogether wrong. Some of my friends here present may perhaps be astounded to hear that the northernmost edge of our Empire cuts the fifty-first degree north latitude, the same line which nicks the northern tip of Newfoundland and runs through Siberian snows; while in the south or Island of Formosa kicks its southernmost toe through the twenty-second degree north latitude—the same line which goes through the heart of the West Indies in the Caribbean.

TELLS OF EMPIRE.

From north to south, therefore, the Empire of Japan covers a much greater reach than this great United States. All this naturally gives Japan a wealth of varying climatic belts and their agricultural and manufacturing resources. But the impression of the spacious reach of the empire created by what I have said should be largely discounted.

"Japan is by no means a continuous chain of islands stretching from the fifty-first degree north latitude down to north latitude twenty-one degrees and forty-eight minutes. A trans-Pacific express liner can steam from Katsushima, on the southernmost port of the group of islands forming Japan proper, to Keelung, the northernmost port of Formosa, without sighting land for days. With Texas, and on that area 77,239,000 people all that, with our overseas domains, the Empire of Japan has today the total

area of over 250,000 square miles, nearly six times as large as the State of Pennsylvania, or about 2000 square miles smaller than the one state of Texas. And on that area 77,239,000 people all that, with our overseas domains, the Empire of Japan has today the total

area of over 250,000 square miles, nearly six times as large as the State of Pennsylvania, or about 2000 square miles smaller than the one state of Texas. And on that area 77,239,000 people all that, with our overseas domains, the Empire of Japan has today the total

area of over 250,000 square miles, nearly six times as large as the State of Pennsylvania, or about 2000 square miles smaller than the one state of Texas. And on that area 77,239,000 people all that, with our overseas domains, the Empire of Japan has today the total

REORGANIZATION IN GERMANY: HOLLWEG

Political Reconstruction in the Empire After War Predicted by Chancellor.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. LONDON, March 16.—A political reorganization of the German Empire after the war is predicted by Chancellor von Bethmann-Hollweg in a speech before the Prussian Diet, according to a Berlin despatch to Reuter's by way of Amsterdam. The chancellor opened his address by protesting against criticism leveled at the Reichstag by the upper house of the Diet. Admitting that every parliament in Germany is entitled to discuss imperial policies, he reiterated previous assurances that the war must lead to a political reorganization and the government, after the close of hostilities, proposes a reform of the Prussian franchise.

"After the war," said the chancellor, "we shall be confronted with the most gigantic tasks that ever confronted a nation. They will be so significant that the entire people will have to work to solve them. A strong foreign policy will be necessary, for we shall be surrounded by enemies whom we shall not be able to ignore words but with the internal strength of the nation. We can only pursue such a policy if the patriotism which during the war has developed to such a marvelous reality is maintained and strengthened."

The chancellor went on to declare that the maintenance of patriotism could not be achieved by granting the people in general equal co-operation in the administration of the empire.

WATCHFUL EYE ON SWEDEN.

LONDON, March 15.—An Amsterdam despatch to Reuter's says that the Dutch government has accepted in principle a formal suggestion from Ecuador that delegates from the republics of North, South and Central America assemble immediately for the purpose of "taking necessary measures for securing continental expression principally for the guarantee of the rights of neutrality and it is possible for the alleviation of the victims of war."

Additional acceptances are expected soon by the government of Ecuador.

The United States has not indicated its attitude toward the conference. It is known that at least one of the larger South American republics will follow whatever course the United States pursues.

Five America Republics Accept Ecuador Plan.

WASHINGTON, March 15.—Five Latin American governments have accepted in principle a formal suggestion from Ecuador that delegates from the republics of North, South and Central America assemble immediately for the purpose of "taking necessary measures for securing continental expression principally for the guarantee of the rights of neutrality and it is possible for the alleviation of the victims of war."

Additional acceptances are expected soon by the government of Ecuador.

The United States has not indicated its attitude toward the conference. It is known that at least one of the larger South American republics will follow whatever course the United States pursues.

Five America Republics Accept Ecuador Plan.

WASHINGTON, March 15.—Five Latin American governments have accepted in principle a formal suggestion from Ecuador that delegates from the republics of North, South and Central America assemble immediately for the purpose of "taking necessary measures for securing continental expression principally for the guarantee of the rights of neutrality and it is possible for the alleviation of the victims of war."

Additional acceptances are expected soon by the government of Ecuador.

The United States has not indicated its attitude toward the conference. It is known that at least one of the larger South American republics will follow whatever course the United States pursues.

Five America Republics Accept Ecuador Plan.

LOCAL PRODUCE MARKET

Potato sales were reported in good number today by commission men, although there was no quotation changes. Onions, too, were somewhat stronger in tone, selling at some establishments for 7 cents a pound.

But one box of asparagus was reported, selling readily for 20 cents a pound. It is keeping back this variety and it will be unusually late this year, according to reports from growers. Asparagus is selling generally for \$1.50 to \$2 a box.

Cars were not here in large quantity, the large variety selling for 12 and 13 cents a pound and the smaller kind exchanging at 8 and 10 cents.

People in San Francisco of a few boxes of strawberries from the Southern fields, none were received here. Growers said that berries in quantity could not possibly arrive until after April 15, unless an unusually long warm period arrived. This season, the berries, usually in the market at this time. The vegetables and fruits, plentiful in normal seasons, are scarce this year, according to dealers, because of the frost and cold weather.

Butter and eggs were in no way startlingly developed in that section of the market. The day's business was done in general with apples showing a firm market with no quotation changes.

RECENT POTENTIAL MARKET FACTOR

Overthrow of Czar Has Tendency to Influence Bull Side of Exchange.

By CHARLES W. STORM, Staff Correspondent International News Service.

NEW YORK, March 16.—The changes effected in the administration of the Russian government were received with general satisfaction in financial circles today and were accepted as an influence on the bull side of the market. The new features also helped to induce buying in the early trading and during the first fifteen minutes after the market opened.

The United States Steel common reflected continued absorption, advancing 1/2 to 1 1/4 and gains of a point were made in many of the copper shares. Marine preferred advanced 1/2 point to 7 1/4 and the common 1/4 to 2 1/4. Bethlehem Steel 1/4 to 1 1/4. Placer and steel for authority to construct a new bridge over the Washington street, near North street, was authorized by the city of Los Angeles.

The Huntington Beach Company, which has filed with the Railroad Commission an application for authority to shift tracks and construct a passing one between Herkimer and Los Robles avenue, was authorized by the commission. The Huntington Beach Company has been charged with the duty of constructing a new bridge over the Washington street, near North street, was authorized by the city of Los Angeles.

The Lindsay Home Telephone and Telegraph Company, of Lindsay, Tulare county, has filed with the Railroad Commission an application for authority to increase its rates. The company says that its present rates are insufficient to cover its expenses and that it is unable to maintain its equipment.

The city of Red Bluff has filed with the Railroad Commission an application for authority to increase its rates. The city says that its present rates are insufficient to cover its expenses and that it is unable to maintain its equipment.

The Empire Water Company, which operates within the boundaries of the "Empire Ranch," Kings county, has filed with the Railroad Commission an application for authority to increase its rates. The company says that its present rates are insufficient to cover its expenses and that it is unable to maintain its equipment.

The city of Red Bluff has filed with the Railroad Commission an application for authority to increase its rates. The city says that its present rates are insufficient to cover its expenses and that it is unable to maintain its equipment.

The city of Red Bluff has filed with the Railroad Commission an application for authority to increase its rates. The city says that its present rates are insufficient to cover its expenses and that it is unable to maintain its equipment.

The city of Red Bluff has filed with the Railroad Commission an application for authority to increase its rates. The city says that its present rates are insufficient to cover its expenses and that it is unable to maintain its equipment.

STOCK-BOND EXCHANGE

SAN FRANCISCO, March 16.—Small lot trading was the general rule on the local exchange this morning. Although dealings were uninteresting the market, in comparison with yesterday's dull sessions, was quite vibrant.

General Petroleum common and Natomsas 6s were the only issues for which any noticeable demand existed, remaining securities dragging along and occasionally changing hands in light quantities.

General Petroleum rose in unimportant fractions on opening to \$75 and held around this level while more than 300 shares were transferred. Union Oil registered a recovery from its recent sharp break, the sale of a few shares taking the price back half a point.

Associated Oil was quiet.
